

Town Council

Continued From Page 1

villages etc., do not allow these objectionable vehicles on its streets, parks or whatever. St. Albert, in view of this situation, is the only town in Western Canada that has the distinction of having a snowmobile fatality Feb. 21, 1971. Is St. Albert waiting until more people are killed before doing something about snowmobiles in this town?

Mayor Ray Gibbon called a halt to the snowmobile citizen's hearing at 9 p.m., after about 25 citizens had aired their views during one hour and 35 minutes. During that period, with the town council chamber filled to overflowing and many citizens unable to even enter the waiting room, members of council spoke on the Committee Meeting motion made at the January 8 meeting, before it could be ratified, amended or defeated. The motion under discussion was made by Councillor Frank Lukay; that the snowmobile question previously approved for inclusion on the January 31 byelection questionnaire be rescinded.

First to speak on the motion was Councillor Lukay who admitted that he had changed his mind because he wanted to give the St. Albert Snowmobile Association a chance to put its rules and regulations, as described in their brief, into action. "But, if they fail," Mr. Lukay warned, "I'll be the first councillor to make a motion to outlaw snowmobiles in St. Albert."

Councillor Hudson first

denied having vested interests in snowmobiling, although he said that he owned such a vehicle "which has been in my garage and left unused for over two years." Mr. Hudson stated also that city vehicles may present a local problem but expressed faith in the Snowmobile Association's ability to help alleviate the problem. Mr. Hudson also expressed his view that St. Albert had something special to offer its residents which more than likely has something to do with St. Albert's rapid growth. "Let's give the Snowmobile Association a chance to do what they propose to do," Bob Hudson said, "and then we'll be in a better position to make a decision whether to kill the existing bylaw or not."

Councillor Rod Thordson said he thought the questionnaire should have been held and also said that he had his doubts about the effectiveness of the Snowmobile Association. "I'd like to believe in the new association," Mr. Thordson said, "but I greatly doubt its success. I feel that these low-profile vehicles (snowmobiles) should not be allowed on our streets because a fatal accident is bound to happen." Mr. Thordson proceeded to point out that the Police Commission has been asking council to ban snowmobiles in St. Albert for quite some time and in his view, town council should have heeded the Commission's recommendation. Thordson con-

cluded by saying that snowmobiles are O.K. "but I'm against snowmobiling in St. Albert."

Councillor John J. Bakker in his talk on the motion, pointed out that it was not necessary for him to repeat his feelings on snowmobiles or on the issue of denying the public the opportunity to vote on the matter.

"I do want to remind council and the citizens of St. Albert," Mr. Bakker said, "that in 1970, I tried to have firecrackers banned in St. Albert and failed to score on that issue." You all know what happened last summer regarding firecrackers and I hope my failure to have snowmobiles banned in St. Albert will not result in the same tragic way, he said. "How many people do we have to kill before this bylaw can be rescinded?" Mr. Bakker asked.

Councillor John deBruijn reiterated his previous views, namely that the Snowmobile Association now has the opportunity to do a job and it's good that they be given a chance to perform. "I do not feel that a questionnaire is the answer to all our problems," Mr. deBruijn said, "because referendums generally register only a small percentage of the voters." In deBruijn's opinion, 15 per cent of St. Albert voters casting ballots on any issue is not a true survey of public opinion. "If we could have 100 per cent of the electorate

cast a vote on the issue, then we would have a true opinion of our people and we would then know exactly in what direction to go," Mr. deBruijn said. He concluded by promising that if the Association fails in its quest to regulate snowmobiling in St. Albert, council will immediately step in.

Councillor Lukay came under questioning by one of the citizens when he was asked why he had changed his mind regarding the referendum. "Were you afraid of the outcome?" the citizen asked. Councillor Lukay admitted that he was afraid the electorate would have voted in favor of banning snowmobiles and that is why he felt the question had to be taken off the ballot so that the Association could have a chance to operate.

Mayor Gibbon allowed a citizen to ask Dr. Eldor Thomas, president of the St. Albert Snowmobile Association, a question regarding how the Association proposes to have all snowmobiles marked for identification and thus gain ultimate control. Dr. Thomas replied, "We know we will have many problems but we are willing to try and do a job. If we fail, it will be goodbye snowmobiles and we'll be the first to say so."

After Councillor Bakker threw in a challenge to the effect that the January 8 meeting was illegal, waivers had been obtained under

false pretense and expressed his view that the legality of the whole deal should be ruled on by a solicitor, he then made a motion that the snowmobile question be brought back on the January 31 ballot and to do so, that council seek a ministerial order.

When Mayor Gibbon called for a vote, the count came out 4 - 2 against the motion. Councillor Rod Thordson backed Councillor Bakker. Thus, the existing bylaw remains as is and the snowmobile question is off the ballot and in the hands of the St. Albert Snowmobile Association.

Public Meeting

Continued From Page 1

leaves that since there is no opposition party in a municipal government to test and argue, ICEC can perform a needed function.

He said ICEC would be a "non-political group of St. Albert residents and business folk who are prepared to encourage qualified citizens to offer themselves for elected office and to endorse and support candidates who are in sympathy with the objectives of the ICEC."

Mr. Kemp is transportation-urban and communications planner and is currently engaged by the City of Edmonton. In 1968 he directed the ANIK Communication Satellite Earth Station Program and in 1971 was chairman of the Provincial Advisory Commission on Transportation for the Government of Manitoba.

Mr. Kemp now resides at 19 Lawrence Crescent with his wife Eileen and their two sons, Tim and Andrew.

Some people think the moon won't be able to support life. Well, it's not so easy on earth, either.

Town of St. Albert

PUBLIC NOTICE

PUBLIC NOTICE is hereby given that Polling will take place for the election of

A COUNCILLOR

on Wednesday, the 31st day of January 1973 from ten o'clock in the forenoon until eight o'clock in the afternoon at the following places:

Father Jan School
St. Albert High School
Sir Alexander Mackenzie School
Paul Kane High School
St. Vital Grandin School
Sir George Simpson School
Albert Lacombe School
Community Hall
Town Hall
Club House
Youville Home
Hospital
Leo Nickerson School

AND

at the same place, time and date above mentioned, Polling for a member of the

ST. ALBERT PROTESTANT SEPARATE SCHOOL DISTRICT NO. 6 BOARD OF TRUSTEES

will take place.

AND that I will, at the Town Hall on Friday, the 2nd day of February, 1973, at 12:00 o'clock noon, sum up the votes and declare the result of the Election.

Given under my hand at St. Albert, this 8th day of January, 1973.

G. P. Moore,
Returning Officer.

Town of St. Albert

PUBLIC NOTICE

STENOGRAPHER - R.C.M. POLICE

Duties include typing, shorthand, transcription from dictation, maintaining ledgers, invoices and filing, answering switchboard and police radio, recording complaints, etc. Must be able to deal with the public.

Submit complete resume by January 19, 1973 to S/Sgt. J. Roy, R.C.M. Police Depot, Town of St. Albert.

Town of St. Albert

PUBLIC NOTICE

Notice is hereby given that an advance poll will be held on Friday, the 26th day of January, 1973 between the hours of 4:00 p.m. and 8:00 p.m. and on Saturday, the 27th day of January 1973 between the hours of 1:00 p.m. and 4:00 p.m. in the Town Hall for the election of a member of Council, a member of the Board of Trustees of the St. Albert Protestant Separate School District No. 6 and question.

G. P. Moore,
Returning Officer.

Town of St. Albert

NOTICE OF VOTE ON QUESTIONS

Notice is hereby given that a vote of the electors will be held on the question of municipal tax support to a bus transit system, the extent of the support and whether the bus transit system should be municipally controlled or privately operated.

The voting will take place on Wednesday, the 31st day of January, 1973, from 10 o'clock in the forenoon to 8 o'clock in the evening.

Polls will be situated in the following locations:

Father Jan School
St. Albert High School
Sir Alexander Mackenzie School
Paul Kane High School
St. Vital Grandin School
Leo Lacombe School
Leo Nickerson School
Community Hall
Town Hall
Club House
Youville Home
Hospital
Sir George Simpson School

Electors wishing to attend the polling places as agents for or against the question, and at the summing up of the votes, may receive the necessary appointment for this purpose at the office of the Mayor at 4:00 p.m. on Wednesday, the 24th day of January 1973.

Votes will be summed up at the office of the municipal secretary on the 2nd day of February, 1973 at 12 noon.

G. P. Moore,
Returning Officer.

I certify that the above summary is a correct statement of the question, that are to be submitted to a vote.

G. P. Moore,
Returning Officer.

Survival is messy business!

In this age of high speed travel even relatively minor accidents can be almost a blood bath. Learning to survive is a much easier task if a little basic first aid is learned at an early age.

This was very dramatically brought home to the members of 533 St. Albert Air Cadets recently when an exceptional film and static display on survival was provided as part of their training.

The film "First Aid for Aircrew" presented by former RCMP Don Fraser depicted the many types of injuries that must be contended with at a crash scene. The film very graphically demonstrated how even fundamental first aid training improves the chance for survival of even the critically injured. This particular film in color is somewhat of a shocker but the realism portrayed certainly pro-

vided some very valuable instruction according to remarks made by the Cadets. The second phase of the instruction was a very much appreciated presentation on survival by Warrant Officer R. D. Simpson of the Search and Rescue Unit at Namao. WO Simpson has participated at many rescues during his career and related instances of how people have survived disaster but have succumbed afterwards because of carelessness and lack of basic knowledge.

Opens Art Gallery

Mr. John Kitsco and his wife Vicky, former residents of St. Albert, opened an art gallery in Stettler last weekend.

The "Heart of Alberta" Art Gallery will feature works by Joseph Acs, Henry and Edith Elchner of Gibbons, Marg Biggs, Margot MacDonald and others.

Mr. Kitsco, who has been

A number of items used in survival for rescue operations were displayed by WO Simpson and to be of current assistance to the Cadets he imparted some of his excellent knowledge on clothing and equipment to be used for regular activities such as hunting, fishing and climbing.

Many more such interesting presentations are planned for the St. Albert Squadron during the next few months.

called a combination of Jazz Poet-Experimental Artist, is inviting artists to submit works that are for sale, for display in the gallery. Mrs. Kitsco is currently teaching in Stettler.

"Several unique one man shows are being planned for the new gallery," says Mr. Kitsco, "including Norman Yates and Charles Hilton."

fascinated by its success and wondered why such a program couldn't be established in St. Albert," said Mr. Garlepy. "There's very little activity for youth and JA could help fill the gap."

Mr. Garlepy said the program may initially be a satellite project to the Edmonton organization, but at least would be a start. He said the project would require little, if any, financing from the town.

a special citizens committee to investigate the feasibility of establishing a youth activities program in co-operation with St. Albert businessmen.

The three-man committee includes Mr. Garlepy, Dick Wilson, a public relations officer with Calgary power Ltd. and Paul Chalfoux, vice principal of Georges P. Vanier School in Morinville, and a resident of St. Albert. The committee will study how Junior Achievement can be introduced to the community.

Junior Achievement is a non-profit educational organization dedicated to assisting teen-agers in the study of free enterprise. Groups of high school students put business theories in practice by operating their own miniature companies. It does not conflict with regular school curriculum. The students raise capital, produce and sell a product or service and finally liquidate the company in May of each year.

"When I first heard about Junior Achievement, I was

Imperial Oil Group Visits

Roger's Esso

A group of 30 Imperial Oil marketing executives from across Canada met last weekend in Edmonton. They were with the automotive division of the company.

As part of their visit a tour of the Edmonton market area was held on Thursday. While in St. Albert the group stopped at Roger's Auto Centre (Roger's Esso) and had a look at this large modern garage and service station in operation. The executives were impressed with the excellent facilities and the auto servicing equipment and a number of the Imperial group from Eastern Canada spent considerable time discussing the service station business with owner Roger Caouette.

Local Drama Group To Enter Festival

The St. Albert-on-Sturgeon Players are again underway with plans for their next production. After the healthy attendance for Greenlee's Magic the club has decided on a night of three one-act plays in mid-February to brighten the local entertainment scene. All three plays will be directed by members of the local club and will feature local actors. Auditions were held this past Sunday and the full casts for the plays will be announced next week.

The plays are being presented in February in order to be entered in the Edmonton Regional Adult One-act Festival which will be held in Edmonton on February 17 and 18. The local production, which will involve about 30 club members in all, will enable residents of St. Albert and the area to get a sneak preview of the entries and will enable the club to try out their plays before the festival performance. Tickets for the evening will go on sale next month.

The evening promises to be an entertaining one. Joanne Reinbold is directing a modern marital comedy, centered on psychoanalysis, called "Suppressed Desires." Mrs. Reinbold used to teach drama in St. Albert High and won the North east Zone Drama Festival two years ago with her St.

Albert production of "To Burn a Witch." Ray Hunt, a well-known local actor and director will be directing a one-act play by Harold Pinter called "The Lover."

Ray, a newcomer to St. Albert, is a welcome addition to the club having acted at both Citadel and Walterdale. "The Lover" concerns the fantasies that a married couple must enact to maintain their marriage.

The third play of the evening will be "Save Me a Place at Forest Lawn," to be directed by Don Mills. Don is also a newcomer to St. Albert and to the club but has acted, directed, and written for the stage throughout university. "Save Me a Place at Forest Lawn" is a two character vignette featuring two very old ladies, life-long friends who relive their lives one day over lunch. Their conversation is both particular and universal and there is still plenty of spunk in the "old dears."

Letters to the Editor

Poor Article

The Editor:

Having read your "Hectic and Lengthy" report on the PSS meeting in the January 10 issue of the Gazette, am sitting here wondering why the whole article was written (poorly) and then printed. I gather that there is a conflict within the Board and that could have been reported, but must we have 7 (seven) columns of arguing - really! Would like you to name your reporter of such a long and important (?) article.

Having an MLA who runs the only local paper we have, has a power of communication that he mustn't abuse.

Shirley Geiger,
Grandin Village.

EDITOR'S NOTE: The reporter's name was in the article - Shirley Jamison. Seven columns of arguing - right! The choice was to report the meeting as it happened, or to editorialize and describe much more briefly how the discussions went. Since this was the first meeting open to the public, we felt it was premature to editorialize. The importance, in our view, is the fact that this Board operates on public funds.

Whose Friends?

The Editor:

Just a note to inform your readers that Robert Russell was dead wrong when he said that most of those working on the Sturgeon River project were political friends of Ernie Jamison MLA. Many of them are mine.

Keith Everitt.

NOT ONLY IS YOUR SON INELIGIBLE TO DRIVE THIS MACHINE . . .
HIS DIAPERS ARE FROZEN TO THE SEAT!

Alternative Busing Plan

The Editor:

St. Albert Town Council has placed the future of public transportation on the forthcoming plebiscite. The resolution of this problem will affect the entire future of the region north west of Edmonton. As I understand it the following options will be provided:

1) Status quo. This could result in the total disappearance of public transportation as happened this week in Namsao.

2) Subsidized transportation by a private company. This would probably result in service at about the same level as at present, with a tax increase to pay for losses.

3) Local publicly owned transportation. I believe this would lead to very poor vehicle utilization with resultant high costs. The problem of franchises, routes, connections and terminals in Edmonton would compound difficulties and losses.

One husband reports that his wife is really hep. Every time he takes out the cheque book she says "Write on."

St. Albert needs more effective transportation than is currently available. An option which apparently will not be on the ballot would, in my opinion, answer most of the shortcomings of the above. Transportation, because it involves the movement of people from one place to another place, must be solved regionally. The obvious way to solve the transportation problem is to contract with Edmonton Transit System for frequent and reliable services, coordinated with existing services in Northwest and Central Edmonton, with the Town of St. Albert underwriting all losses. An extra fare would be charged at the City of Edmonton boundary as is done in Montreal, Chicago, and many other cities. Direct benefits to Edmonton would be increased usage of Northwest E.T.S. services and reduced traffic in the Northwest sector of the city. Benefits to St. Albert would be improved public transportation, with connections provided at minimum cost to all parts of Edmonton. The franchise problem would be minimal as only the current "Western" franchise would need to be acquired. Terminal, routes, and connections problems would be overcome since St. Albert would be an extension of existing E.T.S. routes.

An additional benefit, in the future, would be the traffic patterns established which could be readily shifted to rapid transit or computer trains. If the growth patterns forecast for this region are reliable, either or both of these transportation systems will be a necessity. The prospect of fifty thousand cars circling the 125th Avenue circle during rush hours is alarming.

The question is: "How may I vote for subsidizing E.T.S. service to and within St. Albert?"

Paul McGee,
Gresham Blvd.

Growth - Snowmobiles

The Editor:

I would like to urge more citizens of the town to attend some of the council meetings (such as the large turn out at Monday's meeting) to see the "democratic" process in action and hear the various councillors and mayor express themselves so that they will be a more informed voter in the next election in 1974.

To me, the decision on the snowmobile issue was important not only for itself but served as yet another indication of the thinking of the mayor and some of the councillors in which the wishes of the majority of the citizens and the best interests of the town appear to be disregarded while the interests of the minority (in this case the snowmobilers - in other cases land developers) are catered to.

Regarding growth I support the letter which stated

that there appears to be a contradiction in thinking with the mayor and some councillors where they oppose being gobbled up by the city but in the meantime gobble up the surrounding Sturgeon district.

Regarding snowmobiles. Why should St. Albert be the exception to the Provincial All Terrain Vehicles Highway Act which prohibits snowmobiles from operating on roads. We are the only place in the province from here South which allows such a practice to take place (and we also have the distinction of having the only snowmobile death in the province last year). Ontario and Quebec have bylaws similar to St. Albert (but not Alberta) and thus have death rates out of proportion to their population (101 of the 116 deaths in Canada last year).

Besides the noise pollution, the snowmobiles as they are operated by many people are extremely unsafe is council waiting for a death to occur (as happened in the case of the firecrackers) before exercising some common sense on this issue? The fact that the Police Commission and the Safety Council have repeatedly advised that St. Albert abide by the provincial act appears to have been ignored.

How is the St. Albert Snowmobile Association going to "discipline" the

large number of Edmontonians who flock to the town every nice weekend to use the river? Last Sunday (a week after the Snowmobile Association's promises of control) during the brief 10 minutes I was in Lions Park I saw two different snowmobilers disregard the speed limit while racing around in the park. Where was the patrol in this high use area then? How long will the group take to get organized and will someone be seriously injured in the meantime?

I believe strongly in recreation, but not in the type of recreation which interferes with other peoples enjoyment of the outdoors and infringes on others privacy as the 11 o'clock cutoff is ignored. It is impossible to enjoy a walk or cross country ski along the river or parks.

I must admit that this snowmobile issue was to be the straw that broke the camels back as I have been concerned about town council decisions in other areas (particularly the growth and development of the town) and finally had to speak out. I hope that more people will read the Gazette's reportings of the minutes of council meetings and notice how the mayor and council vote on the key issues.

Judy Wood,
Gillmore Cres.

Council Opens Committee Meetings To Public

Councillor Bob Hudson managed to push through a motion Monday night that committee - meetings - of the whole cease to be held behind closed doors and thus conduct all council business in the open. The motion was carried 6 - 0. After the count was registered, council members confirmed that they would not really discuss all council matters before the public because they still have the right of going in camera. Which means that discussions not meant for the press or the public will be conducted behind closed doors.

Ironically as this item of council business might seem we must report that Councillor Rod Thronson made a motion Monday night that St. Albert sponsor an entry in the North-Am International Races (snowmobiles) to be held in Wetaskiwin Feb. 10 and 11 at a cost of \$50. The motion carried an affirmative vote of 5 - 1. Councillor Bakker cast the dissenting ballot and added the comment: "I wish all St. Albert snowmobiles would go to Wetaskiwin and stay there."

Councillor J. J. Bakker took a swipe at The Gazette Monday night by saying that St. Albert's record in inaccurate in its recent issue which stated that Mr. Bakker stomped out of the emergency council meeting. Councillor Bakker is quite right, technically, because he did stomp out after the committee meeting adjourned and before the special meeting convened. Guess the Gazette should have said, Councillor Bakker Stomps Out Between Meetings or something like that.

While talking about technicalities, how about the ar-

ticle released to The Edmonton Journal last Wednesday, January 10 wherein confidential Committee-of-the-Whole information was included in the story?

The paragraph we are referring to is the second from the last and attributed to Councillor J. J. Bakker: "We had 100 signs put up in

November saying snowmobiling was not permitted and 25 of these have been stolen, 15 since January 1." That information should not have been released out of Committee . . . at least that's what The Gazette pledged never to do in order to gain admittance to Committee Meetings and we lived up to our end of the bargain.

Around Town

Syd Billings, who heard from Lloyd Wheaton over the holidays, reports that Mr. Wheaton, former Secretary-Treasurer for the Town has been transferred to main office, Winnipeg with Manitoba Power. Lloyd went to Gilliam, Manitoba on a northern dam project for the power company when he left St. Albert some five years ago.

Mr. and Mrs. Joseph Thompson of County Tyrone, North Ireland, were visitors to St. Albert last week, when they called on a relative, Renee Laird. It is their first trip to Canada and they have been visiting friends and relatives in Edmonton. Renee showed them around and they were particularly interested in seeing the school girls curling at the rink, the first time they saw the game played other than on television. Mr. Thompson was also much interested in St. Albert's museum, particularly the guns display, since he had in his younger days represented Ireland at Bisley, England, home of rifle target shooting competitions. He is a man of wide interests - music, painting and an expert photographer, taking quite a number of shots of our town

out the car window, and others at Jasper and that place to the south of us. The Thompsons were much impressed with our town.

Mike Meara, president of the St. Albert Leo Club reported last week that the Leo's realized about \$50 from their Christmas tree pickup drive. Mike said that with 10 Leo members and three adults, they managed to pick up over 100 discarded trees which were set ablaze Sunday, Jan. 6 on the vacant lot near St. Albert Trail and Sturgeon Road. All movies collected have been turned over to the Canadian Cancer Society.

It was a pleasure to meet some newcomers to St. Albert this week who are taking a real interest in community affairs, in the persons of Mr. Jack Kemp and his son. Mr. Kemp is a transportation-urban and communications planner with a distinguished record in Canada, and a record of community service with ICEC. The thought occurred to us that St. Albert is fortunate to have two residents qualified in transportation planning, both of whom are interested in town affairs at a time when transportation is becoming a major concern. The other of course is Councillor John Bakker, who is a Professor teaching in this field at the university. Mr. Kemp is hopeful that the public meeting called for January 22 will result in the formation of Independent Citizens Election Committee as a permanent body in the town, and his experience with this organization in Winnipeg will be a valuable

Three members of the executive of the St. Albert Snowmobile Association were out Sunday afternoon erecting speed-control signs on The Sturgeon. Left to right: Walter Semotluk, vice-president; Dr. Eldor Thomas, president and Bill Anderson, treasurer set up six of the 30 proposed speed limit signs along The Sturgeon Sunday and plan to have all of them up before next weekend. Dr. Thomas told The Gazette that residents and visitors alike who were snowmobiling on The Sturgeon Sunday responded favorably to the new speed limit. About 20 hot snowmobilers were informed of the regulations and all accepted the warning without argument, Dr. Thomas said.

asset.

Way back on December 22 a little guy whose name is Allan was born to the Fillion family and the event failed to get into the Birth Column of The Gazette. So, at this late date we would like to herald the event and

offer our apologies to Baby Allan Fillion, Allan is a brother for Mark, Lorraine Linda and Michelle Fillion and the pride and joy for mom and dad Albert and Eva.

The owners of The Fron-

tiersman, Morinville's new hotel told The Gazette on Monday that they plan to open their doors before the end of January. Messrs. Ed Kryskow, Alvi Bokenfohr and Ray Gibeau are already making plans for the Grand Opening later in February or early March.

ICEC Independent Citizens Election Committee

It has been proposed that an election committee consisting of independent citizens and business people in the Town of St. Albert be formed to support candidates in local civic elections.

OBJECTIVE

The objective of ICEC is simple. We believe St. Albert is a nice place to have a home - and we want to keep it that way. We don't want your money. All we need is your interest and support.

Please write to:

ICEC 19 LAWRENCE CRESCENT, ST. ALBERT

Bruins split games Tempers flare at Fort

St. Albert Bruins junior hockey club found pickings slim during the weekend as they came away with only two points in a 6-4 win over Fort Saskatchewan Sunday following a bad 9-2 loss to Sherwood Park Knights Friday night. Both clubs are below the Bruins in the Edmonton Metro Junior Hockey League standings.

Sherwood Park dominated Friday night's game with the exception of about five minutes midway through the first period when they scored their only goals of the game. Both were by defencemen, with Rick Barry scoring from the point on an assist from Kelly McAvoy, and an unassisted goal by Greg Hatch.

Just prior to this Knights had scored four goals in 10 minutes.

Bruin goaltender Brad Rich had a miserable night in the net allowing eight goals before being replaced by Larry Wanagas.

Gerald Basterdash and Ted Edmundson had a hat trick each to lead the Knights. Bruins managed only 15 shots on goal, Sherwood Park scored on nine of 25 shots.

Saturday night game in the Fort saw the Bruins score three third period goals to take a come from behind win. The game featured 24 penalties with the Bruins taking 17 including game misconducts to coach Rick LeLacheur and Jim McComb.

LeLacheur was ejected for arguing an offside call (at least 10 ft.) while McComb departed for ruffling the time-keepers curly grey hair, (believe it or not).

Both clubs split first period goals with Kelly McAvoy blinking the light at 1:55

(Winner)

from Jan Kristensen and Darcy Brisson.

They added two each in the third although Bruins scoring first for a 3-1 lead. Greg Hatch was set up by Jim Edwards and Bob Wallace at 5:26 while McAvoy added his second at 8:10 from Kristensen.

Alex Jensen and Greg Hatch took penalties 18 seconds apart and the Traders scored two goals while having the two-man advantage to tie the game.

LeLacheur then departed at 13:37 of the second period forcing club president Ron Yanosik to take over. The refereeing was something out of this world and saw Bruins called for 14 penalties while the Fort were assessed five minors.

In the third the Traders went ahead 4-3 early on a goal by Mark Sabourin at 4:58. Bruins then thought they had tied the game at the six minute mark after seeing the puck at least one foot over the line.

The goal was disallowed because the referees were slow getting to the goal and by the time they arrived the puck was pulled out.

For some reason or other there never are any goal judges at the Fort and president Yanosik should refuse to go back until there is. Bruins did manage to score three goals the referees saw midway through the period to win.

Marcel Tourangeau tied

the game at 7:27 assisted by Kristensen and Dave Lebech. Hard working Darcy Brisson got the winner at 10:57 from Kristensen and Ray Gauthier scored the insurance goal at 14:48.

Jan Kristensen had his best game of the season with four helpers while Larry Wanagas had a good game in the Bruin net. Bruins outshot the Fort 41-28.

Bruins next see action this Friday with a game against the U of A Bears at the ungody hour of 5 p.m. at Varsity Arena. On Saturday they play the North Side Comets at 1:30 p.m. in St. Mary's Arena. This is located on 137 Avenue west of the Fort Trail.

Comets Blast Winterburn But Lose To Barons

St. Albert Willowbrook Comets hockey club won their 13th game in 17 starts this season with a 12-0 victory over last place Winterburn Tomahawks Wednesday at the Enoch Arena. The loss was Winterburn's 14th in 16 games and left them deep in the cellar in the Edmonton Central Hockey League.

Comet defenceman Richie Perrault led the uprising with three goals and two assists for his most productive game of the year. Hard working Wally Monson and old pro Jim Read added a pair each with Brian Stevens, Ted Rogers, Harvey Kirkland and Dale Ripple completing the rout.

Comets completely dominated the game scoring five in the first, four in the second and three in the final period. Winterburn goalie must have wondered where his defense were as Comets blasted 55 shots while Zane Jakubec kicked out 34 in recording his second of the year.

Sunday in St. Albert the Comets took a 3-2 first

period lead and after two were ahead 5-4 and appeared on their way to their 14th win of the season.

The dream was short lived as Comets completely fell apart and allowed Sherwood Park Barons to score four goals in seven minutes for a 8-5 lead. Comets appeared to stop skating and allowed the Barons to move in time and time again on goalie Zane Jakubec. Jakubec didn't have one of his better games although his goals against average is the best in the league.

Comets received goals from Rich Perrault, Wally Monson and Jim Read in the first with Ron Fournier and Henry Hodgson getting the second period markers. Brian Stevens scored the final goal late in the third period. Comets will be busy at home this weekend with two games. On Friday seventh place Ray's Esso will take to the ice at 8 p.m. while on Sunday Comets will host Stony Plain Eagles. Game time 2 p.m.

The Eagles are having problems hitting their stride

RICHIE PERRAULT
(3 Goals)

this year, after winning the league standings last season. To date Stony is in fifth spot, 13 points behind the Comets.

Junior Rookie Looks Good

One of Bruin's coach Rick LeLacheur's happier moments this season has been the play of 16 year old rookie Bob Wallace.

With the Bruins in a bit of a slump near the end of December, LeLacheur felt some new faces might get the team going. Rick contacted the Sportshop Barons midget coach Ted Lotocki and Wallace and Terry Keiser were sent up for a trial. Both will remember their first league game as each scored in a 4-3 win over North Side.

Lotocki couldn't afford to lose both and Keiser decided to return where he would

get more ice time.

Wallace played three games and his hustle and positional play earned him a position on the junior club. It will probably be a year or so before Bob plays the hockey he is capable of but the Bruins are prepared to wait.

Bob lives at home with his parents in St. Albert and attends Paul Kane High. He also finds time to work part time at the Sportshop.

It's not often a 16 year old gets a chance to play junior hockey and this would not have happened to Wallace if it hadn't been for the work the Bruins owners Garth Leask and Ron Yanosik who took a gamble in starting the new league. St. Albert and district residents

BOB WALLACE

should be very proud that the Bruins are in operation as it will give some of our better hockey hopefuls a goal to achieve instead of dropping out. Hats off to the whole Bruin management

Calahoo takes two wins in Sturgeon Valley Play

JAKE CONTANT - O'NEIL CHEVALIER
(SHARE TOP SPOT IN SCORING)

Calahoo Scorpions kept their hold on first place in the Sturgeon Valley Senior hockey league with weekend wins over Gibbons and Namao.

Friday night Andre Contant scored three goals and added two assists to lead the Scorpions to an 8-3 win over Gibbons. Claude Contant picked up a pair

while brother Jake, Jay McGeough and Dale McMillan added the others. Gibbons received goals from Ted Hodge, Ted McCrimmon and Ray Belar.

On Sunday Calahoo upset their old sparing partners, Namao, 5-2. Jay McGeough led the way with a pair. Andre and Jake Contant added singles as did Albert

Wandler, Tom Crozier and Bill Ackerman scored for Namao.

Legal scored a close 5-4 win Sunday over Villeneuve on goals by Laurent Coulombe, Guy Charrois, Gerald Letourneau, Rami Cyr and Gib Davis. Letourneau may be lost to Legal for a few games with a suspected cracked knee cap. Guy Chalifoux, George Mallet, Ray Soetaert and Phil Soetaert scored for Villeneuve.

Morinville split their weekend games with a 3-1 win over Villeneuve Friday followed by a 6-3 thumping by Bon Accord Sunday.

C. Wolenski led Bon Accord with three goals while L. Draper, D. Palmer and Brian Campbell added the others. Morinville had a 3-1 first period lead on goals by Brian Telford, Terry Maslyk and Norm Bohl but couldn't hold it.

Top point scorers as of January 9th:-

	G	A	Pt.
J. Contant (C)	14	7	21
O. Chevalier (M)	13	8	21
A. Contant (C)	11	7	18
C. Contant (C)	4	13	17
B. Campbell (BA)	9	8	17

D. Pelletier (L)	8	7	15
L. Coulombe (L)	5	10	15

The afternoon rush in most cities moves so slowly that you can hear what the hitchhikers call you.

Hercules Soccer League Plans Age Expansion

Now that the new year is here soccer is not far away. In co-operation with the St. Albert Parks and Recreation Department, registration for the 1973 season will take place at the Grandin Clubhouse, next to the swimming pool, and at Sir Alexander Mackenzie School gym on Friday, Feb. 9th from 6:30 p.m. to 9:30 p.m.

This year registration is finally being expanded to include six and seven year old boys so that boys whose date of birth occurs from Jan. 1, 1955 to Dec. 31, 1967 are eligible. Registration fees are \$4 per boy or \$6 per family.

It has taken Hercules about eight years to develop soccer to a stage where all boys from 6 to 18 are included and the only reservation we have is with regard to the younger boys, some of whom may not be six until later in the year, and their travels to and from home and the soccer fields. We hope that the co-operation of parents that this can be accomplished satisfactorily.

In addition to the expansion of the age groups we are also proposing to expand our participation in the Ed-

monton Metropolitan Youth Soccer Association (EMYSA) from five Premier League teams to six Premier League and four Central League teams. Judging by the excellent support we have had from parents and enthusiasts in the past we feel confident that we shall once again receive support to provide coaches for both the EMYSA and local teams. However to maintain our responsibilities consistent with our participation in EMYSA we require the services of persons to act as referees. We request anyone who is 16 years of age or older and who will consent to undertaking duties as referees contact Mrs. Hopkins at 599-7887 or Ken Armstrong at 599-8081. Lack of knowledge of the rules of soccer should not be considered a handicap as we shall be holding clinics prior to the start of the season for referees and coaches. We have many excellent instructors available.

Starting on Tuesday, Jan. 16 we shall be holding soccer training and practice sessions in some of the school gyms as follows:

SIR GEORGE SIMPSON - EVERY TUESDAY
ATOMS: 6:30 - 8 p.m., 9 - 10 year olds
PEEWEEES: 8 - 9:30 p.m., 11 - 12 year olds.
BANTAM & MIDGET: - 8 - 9:30 p.m., 13 - 16 year olds.

SIR ALEX. MACKENZIE - EVERY THURSDAY
MITES: 6:30 - 8 p.m., 6 - 8 year olds.
ATOMS & PEEWEEES: - 8 - 9:30 p.m.

We may have to revise these time schedules later when the numbers attending these sessions are determined.

Later this month soccer seminar is being held in Edmonton from Jan. 26 - 28 (Friday to Sunday inclusive) at which we understand there will be both federal and provincial government participation as well as representatives from other provincial soccer organizations. The seminar is slated to cover a broad range of soccer subjects and we hope that as many coaches, referees and other interested persons as possible from St. Albert will participate.

Lacrosse Meeting Draws Many Potential Players

The St. Albert Lacrosse Club and in particular the originators of this organization, John Tayler, Bernie Lavasseur and Don Anderson are very pleased with the tremendous response to their first meeting held Monday evening at Father Jan.

Many boys have now registered with many more to come. A special thanks to the players and staff of the Golden Jets who have and will continue to assist greatly towards the development of minor lacrosse in St. Albert. We know many fans will come to the arena and support the Jets this coming season when they attempt to defend their 1972 title as Senior B Provincial champions.

All those who registered

Monday evening will be telephoned and advised of clinic details and additional information will appear in the next issue of The Gazette.

Barons Lose Penalty Filled Game

St. Albert Sportsouth Barons lost a close 6-5 game to Westlock Sunday in a match that saw 25 penalties handed out. Barons took 15 of them including seven in the third period while only two were assessed to hometown Westlock. Needless to say the referees were from Westlock and according to Baron coach Ted Lotocki it was really a snow job. Westlock took a 3-1 first period lead with Darrell Bilsten scoring St. Albert's only goal. In the sec-

ond period Barons tied the game on goals by Matt Lister and Jim Plasteras. Plasteras was recently brought up from the Hiawathas in the house league and performed very well.

Barons then took a rash of penalties, some of which were called for and allowed Westlock to score three straight goals. Barons managed to score two of their own. D. Keith and Gary Ferguson, but couldn't get the tying marker.

"THE ALBERTA PROPERTY TAX REDUCTION PLAN"

2

HOW IT WORKS

Typical
Alberta
Home
Owner

If Your Home Is Worth \$21,000
You Probably Pay In Taxes About \$504

3

Of The \$504
About \$216
Has Gone
Toward The
Cost Of
Education

**YOU ARE NOW GOING
TO GET THAT BACK!**

7

**YOU ARE NOW GOING TO GET
A GREATER RETURN FROM**

**YOUR OWNERSHIP OF
NATURAL RESOURCES**

8

PHILOSOPHY

The Government Of Alberta Believes
That Property Tax Is A Regressive
Tax, And Therefore: Should not
Bear The Burden Of Social Services

9

**YOUR GOVERNMENT PROPOSES
TO INTRODUCE**

**"THE ALBERTA PROPERTY TAX
REDUCTION PLAN"**

THE PLAN HAS 2 MAJOR PARTS:

13

COMPARISON CHART

If Your Property Is Worth	\$40,000	\$21,000	\$5,500
Your Assessment Is Likely To Be	\$12,000	\$ 7,200	\$1,800
You Now Pay	765	429	51
You Will Pay	624	288	26
Your Saving	\$ 141	\$ 141	\$ 25
Plus The 1972 Home-Owner Grant	75	75	75
TOTAL BENEFITS	\$216	\$216	\$100

14

**ALBERTA HOMEOWNER TAX PAYERS
WILL GET BY PROVINCIAL
GOVERNMENT CHEQUE A TOTAL OF**

\$53,240,000

15

**NOT ALL ALBERTANS OWN PROPERTY
MANY LIVE IN:**

Apartments

Town House
Developments

Or Other Rented
Accommodation

**Through This Rent
They Pay An Education Tax**

19

2 RENTERS When Filing Their Income Tax Can Deduct An Amount (Maximum \$100) From Their Provincial Income Tax.

EXAMPLE

Tax Credit Basic Allowance \$100
Add 2% Of Annual Rent (Say \$1,200) Add 24
Deduct 1% Of Taxable Income (Say \$3,000) Subtract 30

BENEFIT \$ 94

20

3 SENIOR CITIZENS, Persons With No Income, ALL Are Eligible. There Are Several Options. These Will Be Explained In Newspaper Advertisements

WATCH FOR THE "ADS"

21

**PART 2
PROVINCIAL ASSISTANCE
TO MUNICIPALITIES**

- Previous Administration Paid Out \$38,000,000 To Municipalities In Unconditional Grants.
- Present Administration Paid Out \$42,000,000 To Municipalities In Unconditional Grants.

25

TOTAL MUNICIPAL ASSISTANCE BENEFITS

All Hospital Costs \$7,000,000
All Health Unit Costs \$5,000,000
10% Increase In Social Assistance Aid \$2,000,000
Unconditional Assistance Grants \$14,500,000
Good Housekeeping Incentive Grants \$19,500,000

TOTAL \$48,000,000

26

COMPARISON

New Municipal Assistance \$48,000,000
Existing Municipal Assistance Grants \$42,000,000

**MUNICIPALITIES ARE GOING TO BE
\$6,000,000 BETTER OFF THAN IN 1972**

27

Alberta TOTAL NEW BENEFITS

PART 1

Homeowners \$28,240,000
Renters \$12,000,000

PART 2

INCREASED Municipal Assistance \$6,000,000
..... \$46,240,000

This is the equivalent of raising the existing
Municipal Assistance Grants from: \$42,000,000
to: \$88,240,000

4

Taxes \$504

New Rebate \$141
And You're Still Going
To Get The
"Home-Owners Grant" \$75

TOTAL REBATE \$216

5

THIS WILL APPLY TO OWNER-OCCUPIED FARMS

**MOBILE HOMES
ARE INCLUDED TOO!**

6

**WHERE IS THE
MONEY COMING
FROM?**

10

1 To Give Direct Financial Assistance To Residential Property Owners, Mobile Home Owners, Owner-Occupied Farms And Renters.

2 To Give Assistance To Municipal Governments, Based On Their Financial Needs.

11

PART 1 THE HOMEOWNERS EDUCATION TAX REFUND

	\$40,000 House	\$21,000 House	\$5,500 House
Property Is Probably Assessed At:	\$12,000	\$7,200	\$1,800
General Municipal Needs	360	216	54
Other Needs	120	72	18
Education Needs	360	216	54
Your Total Tax	\$ 840	\$ 504	\$ 126
Home Education Tax Refund	\$ 216	\$ 216	\$ 100
Home Owners Tax Will Now Be	\$ 624	\$ 288	\$ 26

12

APPLIED TO OWNER OCCUPIED FARMS

	Farm Worth \$90,000	\$30,000	\$5,500
Property Is Probably Assessed At	\$30,000	\$10,000	\$1,800
General Municipal Needs	900	300	54
Other Needs	300	100	18
Education Needs	900	300	54
TOTAL TAX	2100	700	126
Home Education Tax Refund	\$ 216	\$ 216	\$ 100
Farm Owners Tax Will Now Be	\$ 1,884	\$ 484	\$ 26

16

**RENTAL ACCOMMODATION
FOR THOUSANDS OF ALBERTANS
MEANS "HOME"**

Therefore All Renters Will Be Eligible For A Rebate Through Their Income Tax Form, As A Means Of Financial Assistance Towards The Cost Of Property Taxes Included In Their Rents

17

**ALBERTA HOME-RENTER TAX PAYERS
WILL GET A REBATE THROUGH THEIR
INCOME TAX AMOUNTING TO:**

\$12,000,000

18

**HOW ALBERTANS WILL OBTAIN
THEIR PROPERTY TAX BENEFITS**

1 PROPERTY OWNERS, Including Farm Owners: Must Make Application. A Cheque In The Amount Earned (\$216 Maximum) Will Be Sent Direct To The Home Owner From The Provincial Government.

22

THE NEW PROVINCIAL ASSISTANCE PROGRAM FOR ALBERTA MUNICIPALITIES

In The Future The Province Will Pay:

- 1 100% Of The Costs Of Hospital Requisitions
- 2 100% Of The Costs Of Local Health Unit Requisitions
- 3 90% Of All Municipal Social Assistance Costs

THIS WILL ALLOW LOCAL AUTHORITIES TO DEVOTE MORE OF THEIR REVENUES TO SERVICES TO PROPERTY

23

THE SAVINGS OF THESE PROGRAMS TO ALBERTA MUNICIPALITIES ARE:

Hospital Costs	\$7,000,000
Health Unit Costs	\$5,000,000
Social Assistance Costs	\$2,000,000
TOTAL	\$14,000,000

24

ADDITIONALLY
THE PROVINCE WILL MAKE TWO TYPES OF GRANTS:

- 1 \$14.5 Million In Unconditional Assistance Grants Determined By A New Formula Based On Need.
- 2 \$19.5 Million In Incentive Grants To Municipalities Who Keep Their Annual Budget Increases To Less Than 7% (After Recognizing Assessment Growth)

**THESE GRANTS AMOUNT TO
\$34,000,000**

The information on these pages was prepared by the Provincial Government on its new approach to Municipal Financing. It is designed to present in condensed form the basic changes and how they affect residents of Alberta and Municipalities.

Ladies Open Goes Next Week

Play gets underway next week in the annual Ladies Open Bonspiel at St. Albert curling rink. Chairman Lynn Johnson reports that she had a full entry of 32 rinks a week before the entry deadline. Many of them are new entries this year, and a large number are from Edmonton, including several well known city curlers. Less than half are local entries.

Mrs. Johnson, who is chairing the event for the second consecutive year said she was "tremendously pleased" with this response.

The spiel which starts Monday, is run on daytime only draws with games scheduled from 9 a.m. at two and one-half hour intervals, last game beginning at 4:30 each day, Monday through Wednesday.

Finals will begin at 4:40 Wednesday afternoon and there should be some good curling and close games for fans.

VOTING DAY IS
JANUARY 31st

RECREATION HIGHLIGHTS

Announcements about recreation activities being carried on in St. Albert appear in this column each week through the courtesy of the Editor. It is, however, impossible to refer to them each week.

Most programs are continuing after the Christmas holidays and some new ones are being initiated. Newcomers especially are reminded that information can be obtained by phoning the Department of Recreation at 599-6601.

ARTS & CRAFTS:

Programs, sponsored by the St. Albert Arts and Crafts Guild in co-operation with the Department of Parks and Recreation, are advertised elsewhere in this issue.

TEEN SPORTS:

Parents are again asked for their co-operation in volunteering their services as supervisors of the teen sports evenings which are held on Thursdays in Sir George Simpson School from 7:30 - 10 p.m. Phone the Department of Recreation at 599-6601 or Mr. and Mrs. Wright at 599-7572 and say that you are willing to help.

SWEDISH GYM:
The YMCA is sponsoring Swedish Gym classes for both girls and ladies which are being held in Leo Nickerson School on Wednesday evenings with Mrs. Helga

Kirschowsky as instructor. Anyone interested can obtain further information by phoning Mrs. Phillips at 599-6445.

GOLF:

An announcement will be made at a later date about the annual learn-to-golf school. For the last few years this has been timed so that there has always been the possibility of going straight from "school to green" - weather permitting, of course.

Badminton

Beryl Harding advises that due to examinations there will be no badminton on Monday, January 22 or Thursday the 25th at St. Albert High Gym.

However play will go as usual on Monday and Wednesday next week at Vital Grandin School Gym at 8:30 p.m.

The club welcomes players who are newcomers to St. Albert and invites them to come out.

Two cannibals were eating when one of them muttered, "I can't stand my mother-in-law."

The other suggested, "Well just eat the noodles."

Commercial League

Last Wednesday Grandin Gulf Blazers blasted Belcourt Power Kegs 11 - 2 behind the three goal performance of Sheldon Webb, Dennis Limoges and Don Darling added two each while Harvey Albrecht, Peter Van Brabant, Don Stewart and Marcel Chartrand added singles. Blazers were in complete command of the game with a 2 - 0 first period lead and a 10 - 0 second period margin. Jim Glover and Bill Reynolds scored for Belcourt.

On Thursday first place Rogers/Grandin Esso had to rely on Joe Laplante's two third period goals to defeat Kinsmen Warriors 4 - 2 win in a rough game. Laplante also had a first period marker for his hat trick. Danny Chugg got the single, Wayne Rissling and

Bob Thorpe scored for the Warriors.

Monday night the Warriors allowed Belcourt Power Kegs to take a 4 - 0 lead before coming back to tie the game 4 - 4. Jim Glover scored a pair for Belcourt with singles going to Darrell Knox and Bill Message.

Kinsmen goal scorers were Gord Hollet, Fred Calkins, Wayne Rissling and Bob Thorpe.

Council Candidates Express Their Views

Andy Kampen

First I would like to thank the Gazette for the opportunities given to me to be able to express my views on some of the issues which seem to be facing our town council.

The snowmobile problem seems to be one of the greatest at this time. I mentioned before of getting them off the river. Now the Snowmobile Association thinks it can patrol and control their members. I do not agree they can! I think myself that the snowmobile should be banned from out of town limits. Their association should be looking for areas close to St. Albert that they could lease and control.

Other issues which to me seem of very great importance to our fast growing town are:

1. The appointment of a development appeal board.
2. Again try to find a solution to a landfill site. As it is a very costly affair to haul our garbage to Edmonton and this will become higher and higher as our town grows.
3. To hire a town planner to work with town council.
4. Off-street parking in the downtown area as the town has some portions of land which could be used as such.

Let us all work together in making our community a good place to live in. As I see it, these four points are important for St. Albert's future.

I would be very happy to answer your questions and can be reached at 599-6171.

Roger Gariepy

Have you ever gone to Town Hall seeking information about various major projects or important items under discussion by Town Council?

I'm willing to bet you've been directed to several persons or sources in order to compile all of the data relating to your specific request. And more likely than not, you're not sure whether you have all the information you require.

That's bureaucracy, and I don't think we should be at all proud of the fact that it exists to any degree in St. Albert. Everytime there's a major issue facing council, interested citizens make this a topic of conversation, and it invariably ends up with a comparison of notes. Usually the facts vary from person to person. One specific suggestion that may go a long way to solving this particular problem would be to establish a Citizens' Service Bureau at Town Hall to handle all inquiries and complaints. The co-ordinator of the Bureau could process most of the inquiries without taking up council's time, and in the event of major problems, could present them to council on the citizen's behalf. This Bureau could also provide all the necessary information for new residents.

I sense a great degree of civic interest and pride by citizens in St. Albert and its activities. Like Motherhood, I think we all endorse the theories of improved services, better recreational facilities, more business development and naturally opposition to annexation by Edmonton. There are no easy solutions. They have to be thought out, analysed, the pros and cons weighed and a decision made. As a laboratory technician, I have been trained to the analytical approach and this would be the attitude I develop toward civic government.

I haven't got the answers stuck in my hip pocket. No one has. But I feel I will be able to offer a fresh approach to issues at hand. If you can define a problem, then you can find a solution. I'm not one to make pledges I know I can't keep, there is one pledge I can make: that of acting responsibly and maturely, and looking at a problem rationally instead of emotionally. I am committed to knowing all the facts before rushing into a decision. Like the bank -- I'm approachable! (599-3771).

Syd Billings

Do we live in a vacuum? Are we kept adequately informed? Does Town Hall in-

volve us by placing issues fairly before us? Do we get accurate information from closed meetings?

Communications! A necessary part of any progressive community. The numerous telephone calls from long-time residents and recent arrivals requesting information demonstrate to me this sad neglect. The Gazette has valiantly attempted to keep us informed, but I am convinced more is needed. Additional ways must be found. This I will do.

Are we, the residents of St. Albert, denied full knowledge of money bylaws? I firmly believe that ALL money bylaws must be fully advertised and disclosed to you. This must become the policy of council. Full reporting of town business at all times to the people.

Do we plan our future with short-range and long-term goals? Do we know what the plans for our community are? Or do we just let things happen? I am not necessarily opposed to future growth. I AM opposed to uncontrolled, unplanned "happenings" that we may not be able to afford and which may adversely affect our community. Council must inform us of its planning in recreation, housing, municipal services, and mill rate stabilization.

Does our Preventive Social Services receive full cooperation and support of council? Are we encouraging people to solve their own problems? We need added encouragement, support and planning by council and citizens to receive valuable benefits from this worthwhile organization. This I can do.

Transportation! Is the council aware of the problems homemakers and senior citizens of our town have in transportation to our shopping centres, to doctors' offices, to visit friends? Are commercial establishments losing out because of this lack of transportation? A better way can be found. I will work towards it.

As you can see there is more at stake in our community than the snowmobile issue, important as that may be to all of us. In my next report I will fully explain my position on the snowmobile question.

Myrna Fyfe

A considerable number of anti-snowmobile taxpayers left Council Chambers dis-

gusted by the statements of some councillors and the arrogant attitude of the mayor in dealing with their presentations to have the snowmobile issue placed before voters on January 31st.

I shall press for the banning of these vehicles within the town immediately and the setting up, with the aid of Provincial funds, recreational areas for their proper use and control before next winter.

However, it is becoming most evident that people want to express themselves on such issues and elected members must listen and act accordingly. As your representative on council, I would undertake to develop a better communication level between council and you, the voters. I believe it is equally important for people to be given the opportunity to understand the efforts undertaken by council as well as to voice opinions on current affairs.

I am willing to set up rotating meetings through area agents located throughout the town to make this form of communication a reality.

In listening to many voters in St. Albert, one of their major priorities is their concern for sound physical, social and economic planning.

To meet the challenge for the future, we must recruit an experienced town planner to map out our expansion and the alternates available

to us for growth patterns.

Recreational planning should be done through a Recreation Board appointed, qualified citizens to compliment the physical planning.

Finally, Program Budgeting systems should be introduced in the Town Administration to provide you, the consumer, with the best possible Town services for the tax dollars you pay to live in St. Albert.

Al Weeks

In preparation for this byelection I have done a considerable amount of studying. I have studied the past few months' council meeting minutes. I have read the issues of the Gazette of just prior to the last election. I attended and then read the report on the Charette held mid October 1972. I have spoken with a great many of our citizens and have consulted with other

councillors and leaders of our society here in St. Albert.

From all this many things come to the fore. First of all the Charette report indicates in at least two places that 'the use of snowmobiles within our town limits be banned'. The vast majority of our citizens that have been in contact with me are unhappy with these machines on our streets and on public property. While I am not emotional on this subject to the extent that I feel that it merits a crusade, I take a firm stand against the abuse of our environment and the cluttering of our streets with these unsafe vehicles.

The apparent lack of a co-ordinated town plan concerns many of our citizens too. This area merits a lot of study however a professional town planner with foresight and ability could help council avoid some of the pitfalls and irate citizens that we now have. Council should be prepared to listen to this man as well!

The communication between council and the electorate could be enhanced. Council must be prepared to listen to the voice of the people. It is all right to say that 'we are the decision-making body of the town, we will decide what is good for them,' and 'minority groups have to be protected.' But council is responsible to the people of St. Albert in general and should listen to their wishes.

Trustee Candidates Express Their Views

David Merrell

I have been told lately that I don't mind words. Therefore I must say that I cannot make any promises. We have a strong school board at the present time. I only hope to strengthen it -- Give it some new ideas -- give some of the suggestions that I have been given (and I hope will be given) to me.

I would like to point out to the population that to my knowledge all the trustees now on the board reside in Grandin -- The present candidates with the exception of one aside from myself, reside in Grandin. I am sure that the Grandin residents would appreciate having an opinion from residents of other than the Grandin area and also their needs. And I am sure the other residents would like someone to represent them to express their opinions and obtain their needs.

Our present high school facilities leave much to be desired, and in my opinion will remain so for some time. This can only be corrected with some foresight -- NOW to be effected in 1974-75 at the earliest. Our school buildings and facilities have to be made more available to the public.

Busing to the elementary schools should be reviewed. Our teaching staff have also to be considered, their human tool. We have to give them as much understanding as we expect them to give our children. This pertains to the high school students as well as the elementary and junior high. In my lifetime, experience has shown me that the effort of trying to understand one another is an important factor.

I have the experience (and my daughters are the example) that kindergarten classes are a necessity for our preschoolers. Any grade one teacher who has had the experience of having a child who has a year of kindergarten will verify that the child is much more adapted to the regimentation of school.

I mentioned earlier the need for a high school in 1974. It appears to me that another elementary school will have to be built before then to cope with the large population growth that apparently is overwhelming this town. As far as a high school is concerned, perhaps a composite high school to serve the MD of Sturgeon

involving the two school boards could be considered.

Anybody is invited to call me at 599-8203 to discuss any situations they feel need discussing.

Allow me to express my appreciation to the Gazette for the opportunity to somewhat express my ideas and also to the staff for their patience and understanding.

Bill Webber

As the father of four children who are presently attending school in District No. 6 I am aware of the problems that face us as parents and many of the problems which confront our children as students.

As the weeks go by leading up to the byelection for school trustee I am becoming increasingly aware of the problems and issues which must be dealt with at the Board level.

As of December 1972 the five schools in our district had an enrollment of 2,947 students with a budget of \$2,321,851. The number employed, including instructional staff, clerical staff, and maintenance staff totalled 183. I believe these figures provide some indication of the complex responsibilities placed upon the Board of Trustees to direct this school district in the best interests of all concerned.

One area that I feel deserves additional attention is that of early childhood education. The first step which should be taken in this regard is the development of a program which would discover learning disabilities in the preschooler. I believe this is the type of program which could be developed in our local district if the Provincial Department of Education cannot be convinced of the need provincially. Early detection of these disabilities would enable these students to take advantage of a remedial program from the beginning of their formal education.

There has been some suggestion that the responsibility for attendance in the high school be left with the student. It is my opinion that the present policy which encourages a discussion between student, parent and teacher after an absence from three classes is a proper one. This provides an opportunity for all interested parties, assume as parents you are interested, to investigate the reasons for this absenteeism. These reasons may be any one of many, lack of

interest peer group pressure, teacher-student conflict. Through discussion and understanding these problems can be resolved to everyone's benefit.

If you agree with these thoughts I solicit your support on January 31.

Shirley McCaffery

Due to decreasing school enrollments there is a tendency to meet the demands for schools in new areas by busing rather than building.

Most of the residents in newly developed areas of town are families with young children. Many of these children are being bused to schools outside of their own neighborhoods.

There is no reason why the school board can't provide two or three - room self-contained neighborhood schools to satisfy the needs of elementary children. Small neighborhood schools would not only eliminate many of the lunch and busing problems but would provide an intimate learning atmosphere beneficial to both teachers and students.

These schools should be jointly planned and constructed by the town and both school boards so that when they are no longer needed as schools they may be easily converted for use as community centers for recreation or social services.

Most school facilities are in use only eight hours a day, only 10 months a year. Because of our huge financial investment in these buildings, we must make maximum use of them. The present Paul Kane High School which is our most expensive facility is rarely used by the public. We have a library, gym, home-ec rooms and a shop facility which are publicly owned but not publicly used. Everyone in town would benefit if the schools were open to all.

Although most people accept the idea of maximum use of school buildings, it must be kept in mind that the main purpose of the school is for the formal education of our youngsters. When planning the after-hours use of schools first consideration must be given to the needs of the teachers and students who occupy the classrooms during regular school hours.

In planning maximum educational and community use of both existing and future facilities it is evident that consideration must be given

to the possible advantages and disadvantages of combining the two school districts. The need for amalgamation is most obvious at the high school level where duplication of equipment and facilities is most costly.

For educational and financial reasons a serious study should be made of the possibility of at least partially combining some of the programs and facilities offered by both school boards.

Murdo MacFarlane

In the space, the St. Albert Gazette has offered each candidate to help the voter make a clear choice, I wish first to give my understanding of the role of the school board. Many people asked this question as I visited house to house in different districts of our large, spread-out St. Albert. (In the short time we have for this election I will not be able to reach every door, but I will reach as many as I can.)

Most of us are of the opinion that the school board should reflect the current educational wishes of the parents in St. Albert. These wishes should be reflected in policy statements to the school administrations. The school administrations should carry out these policies without nit-picking interference from a school board, and the school board should not be swayed by special pleadings on selected, often peripheral aspects of the total scene. The school board should be for all the people; their meetings our education forum; their policies the essence of our aspirations for our children's development. At these board meetings progress should be reported, and lack of it exposed. If the school administration is at fault, expose it; if the provincial government policy is at fault, expose it; if the school board is inadequate let it be seen. School board meetings need not be dull and should not be in secret. What profit is there in attending school board meetings that can be adjourned, the public dismissed, and the meetings reconvened in secret?

Most people realize the problems of costs: more facilities cost us more now, but inadequate facilities are paid for by our children now, with an escalating interest rate exacted from society later, when our children

smarten under the realization that we skimped on their preparations. Our schools are still expected to be centers of learning, and learning is not yet a dirty word.

There will be one more Gazette appearing before the election.

Dave Davis

Once again I wish to express my gratitude to the Gazette for allowing space for me to present my concerns to you, the electorate of the St. Albert Separate (Protestant) School Board.

My responsibility as a Trustee, if elected, will be to ensure that the best possible standard of education is available in our school system. Which means that I must be prepared, as I am prepared, to devote considerable time and energy to the job. For such a standard is the right of every child in St. Albert, and it can only be attained by supplying the best teachers we can hire, and introducing

the best teaching methods into our system.

The administration of school affairs is now "Big Business," and as such requires competent, efficient and dedicated people, who are concerned with good business practice in administration, and qualified to contribute to this aspect of the school board's responsibility to the ratepayer.

From my past experience as a Trustee on the School Board, I feel there must be a closer working relationship with the planners of St. Albert. School sites must be planned at the same time as developers are presenting proposals for opening new areas.

I feel that fully developed school sites should be provided by the developer at a NOMINAL cost. Up to the present time Boards have had to purchase land at the going price. Which has meant raising debentures and paying a high interest rate, thereby creating a greater-than-need-be burden on the taxpayer.

A number of residents have expressed to me dissatisfaction with the present system of busing. This area of dissent must be resolved. I will do my utmost to present the views of the taxpayer, and will encourage an improved relationship between the taxpayers and the Board.

I would appreciate receiving calls from you, voicing your concerns and suggestions. Phone me at 599-7828.

Hey Snowmobilers...

TIRED of looking for a place to run your snowmobile? TIRED of you can't go here and you can't go there? TIRED of the restriction imposed on our snowmobiling? TIRED of looking for a place to store your power toboggan?

WELL, LOAD UP THE FAMILY & YOUR SNOWMOBILE. Drive approximately 3 miles west of Stony Plain to Jet, 29 - Go south on highway 29 - about 1 1/2 miles and you are at

TOBOGGAN PARK

So many snowmobilers found a new home at Toboggan Park this past weekend. We are extending our invitation to include Saturday, Jan. 20 and Sunday, Jan. 21. You'll be taken on a trail ride. Try out our racing oval. View our clubhouse concession. This is your invitation to come out and enjoy yourself - no obligation.

BUT... If you like what you see we'll invite you to become a member, and your snowmobile worries will be over.

FOR FURTHER INFORMATION PHONE

482-1144 - 480-6529 (Evenings - Weekends - 1-777-4963 OR WRITE P. O. BOX 1661, EDMONTON, ALBERTA.

Local Nurses Hear Talk On Child Abuse Problem

At the last meeting of the St. Albert Chapter of the AARN, Dr. Charles Fried spoke on Child Abuse. In his talk he gave the definition and the incidence of child abuse; told what research has shown about the person who batters a child and indicated what social services were necessary for dealing with such situations.

Dr. Fried is a pediatrician in Edmonton and is on the staff of the Misericordia Hospital. He was involved in a recent seminar on Child Abuse arranged by the Alberta Mental Health Asso-

ciation and has for many years been dealing with cases of child abuse.

Child abuse is legally defined as the non-accidental injury of a child, inflicted by someone entrusted to their care. This legal definition suggests premeditation but is not really clear and often causes confusion when dealing with cases in court.

There are about 200 reported cases of child abuse per one million of population in North America and in Edmonton from 1971 - 72 there were over 100 reported cases. The reported cases are only about five per cent of the actual cases that occur.

One or both parents are the ones found most frequently to cause the injury to children. When only one parent injures the child, the other parent is aware of it, often feels guilty but is afraid and doesn't know what to do about it. Research has shown that the adult(s) involved has a history of a lack of tender loving parent relationship in his/her own childhood. Other contributing factors may be a previous severe emotional upset, deep grief, physical illness, marital discord, too many children, an unwanted child or an absent husband. The abuse is often triggered by some crimes in the family.

The abused child may be found in all strata of society and is not dependent on education or income.

Abuse may take the form of emotional deprivation, physical battering and/or malnutrition. Together they are the greatest single cause of illness in children. The physical injuries often appear as unexplained bruises, broken bones and head injuries. The very young emotionally deprived child is often whiny, fretful and easily startled. The malnourished child is often underfed and not taken care of physically.

What is lacking in cases of child abuse is the ability of the parent to reach out for help. The ever changing structure and increased mobility of the family unit, and the lack of help available in our society increases the parent's problem in seeking help.

At the present time when cases of child abuse are reported they often end up in court, making it very difficult for both the person reporting and the family involved. Dr. Fried recommends an improved system of reporting so that when such cases are reported, help for the family would be made available. He strongly recommends a 24-hr. telephone life line of service "The important thing to keep in mind," he said, "is not who did it but what can be done to prevent it from happening again." Reports are seldom avoided without treatment. The treatment Dr. Fried recommends is fir-

the protection of the child and secondly the help of the parent by someone they believe wants to help them and not convict them. He stressed the importance of this helping relationship and that non-professional help is often very effective. In some cities groups similar to AA are successful.

At the present time in the

Edmonton area, concerned persons may call Distress Line 429-6229. The reporting of child abuse cases is done through the Child Protection Branch of the Provincial Welfare Department.

The next meeting of the St. Albert Chapter will be held on January 24 at 7:45 p.m. in the Cafeteria of the Sturgeon General Hos-

pital. The topic for this meeting will be Nursing - Education-Todays Product? Resource people for this topic will be a member of faculty of Grant MacEwan College and a 2 year graduate. Anyone wishing further information are asked to call Marion Unger at 599-3816.

Recreation News

Y-NEIGHBORS:

This two-hour weekly program is held at 9:30 a.m. in the Community Hall on Mondays. Babysitting is provided for ladies with preschoolers. Program consists of keep-fit followed by a demonstration, talk or crafts. The cost is \$10 for the remaining 12 weeks plus \$2 for each child to cover the cost of supplies. Phone Mrs. Bonnie Childs at 599-6815 for further information LADIES NIGHT OUT:

An evening of sports activities for ladies will start in Father Jan School on Feb. 1st. Details next week.

SQUARE DANCING: The Saints and Sinners will hold their next regular dance in St. Alexander MacKenzie School on Saturday, January 20.

PHYSICAL CULTURE: Physical Culture is becoming very popular in Alberta through the efforts and enthusiasm of Mrs. Margaret Thompson who came to Canada from Australia three years ago. She

and her pupils will give a demonstration of this latest way of exercising on Thursday, January 25 at 7 p.m. in Vital Grandin School.

There will be no charge and girls and ladies of all ages are invited to take this opportunity of seeing for

themselves how pulse, co-ordination, muscle tone and good posture can be achieved through a series of graceful exercises.

Three women, pupils of Margaret Thompson in Physical Culture, are shown doing a floor drill routine. This new system of exercising is attaining wide interest among girls and women of all ages throughout the province. It is an enjoyable way of keeping fit and improving the figure. Mrs. Thompson will be directing a demonstration on the evening of January 25th, beginning at 7 p.m. in Vital Grandin School.

School, Town Candidates Set For Jan. 22 Forum

The public open forum of town council candidates and school trustee candidates, sponsored by the St. Albert and District Chamber of Commerce promises to be an interesting and informative event. So far as can be determined at this time, all ten candidates will be present to air their views and show their prowess before an audience which promises to fill the Community Hall.

Residents are reminded to come early to avail themselves of a seat. Meeting

Library Sets Stage For Arts, Craft Display

The current display at the St. Albert Public Library is one compiled by the local Arts and Crafts Guild from student work during the fall lessons. Many attractive pieces have been gathered from the students of all ages working in many different media.

Colorful children's paintings

brighten the library walls and intricate tapestries and macrame hangings enliven the lower area. Scattered throughout the rock garden are fine examples of pottery and wood working. The two display cases are packed with finer examples of enamelling, crocheting, leather work, print making

and ceramics.

The display has been well received by visitors to the library and will continue until January 25 as a reminder of the new spring classes which start in early February for a 10-week period.

Pre-School Hour Resumes At Library

The St. Albert Public Library will again be offering its twice weekly Pre-School Story Hour this spring. The story hours will be held this time on Monday afternoons from 2 p.m. to 3 p.m. and on Friday mornings from 10 a.m. to 11 a.m. and will commence Friday, Feb. 2.

The hour will be filled with the usual stories, games, and songs with regular visits from the Cookie Monster and his friends. All local pre-schoolers are welcome to attend any session. However, the two weekly sessions are designated to reduce the size of each group so parents are urged to have their children attend only one of the sessions each week.

With the abolition of library membership fees all parents are invited to join the St. Albert Public Library on their next trip to the library and to use the growing collection of books for pre-schoolers and young readers.

This semi-finished residence in the Grandin area was the target of a bulldozer last Wednesday night. The 'dozer' had been left running, as is common practice during cold winter months. Someone threw the machine into gear and aimed it at the residence, with the above results.

Vandalism, Thefts Stump House Builders, RCMP

Home builders in St. Albert and the RCMP have asked The Gazette to help in stopping the loss of materials and damage frequently occurring on local building sites.

Staff-Sergeant Jack Roy, detachment commander in St. Albert said that theft and vandalism on St. Albert development sites is the cause of greatest concern this winter.

Staff Roy told of an incident which occurred Wednesday night January 10 in the Grandin area where a bulldozer slashed off the corner of a residence under construction causing damage estimated in excess of \$2,000. He also mentioned

another incident which occurred the very same night, in the Lacombe Park area where another bulldozer was put in gear and aimed into a service ditch. Damage in this last instance has not yet been determined because the 'dozer' will have to be overhauled before an estimate of damage can be arrived at.

Glen Zarazun, superintendent for Standard General presently building residences in the Grandin area said that theft and vandalism this winter has been extremely bad. Mr. Zarazun told The Gazette that it was standard practice to leave bulldozers running all night during the cold months. He did add that

these machines are under guard and checked by a watchman frequently throughout the night. When the 'dozer' ran amok last Wednesday and gouged a corner off a semi-finished house in Grandin, the watchman had checked the bulldozer at about 10:30 p.m. The incident occurred around 11 o'clock. The other incident in Lacombe Park took place after midnight, Mr. Zarazun said.

Staff Roy explained to The Gazette that his men make regular patrol circuits of every construction area throughout the night but cannot be at all construction sites at the same time, therefore would appreciate co-operation from residents living in construction site areas.

The RCMP are making an appeal to these residents who can help. Please phone 599-7721 if you notice unauthorized vehicles in the vicinity of construction areas. Trucks or cars with trailers are presently stealing thousands of dollars worth of building materials almost every night. So, alert residents who are willing, can help the police by phoning the above number. A police car can be dispatched to the scene within minutes and perhaps help apprehend would-be vandals or thieves.

Moving & Sincere Address By Horst Schmid Stirs Audience At Meeting

Guest speaker Horst Schmid spoke to the annual meeting of the St. Albert Conservative Association last week with simplicity and obvious conviction on what he said "with the utmost respect, is the one resource without which all others and meaningless - people."

After opening with the thought that "Canada -- blessed by God with more natural abundance than any other land on earth -- is caught in frightening paralysis and deadlock," he added, "I don't have to describe the picture to you: You know what I am speaking of only too well. What I do want to say to you is that the time has come to take our own politics very seriously -- more seriously than ever before."

Mr. Schmid went on to speak of Premier Lougheed and the five important areas of priority he set for his first year in office. Human Rights, Senior Citizens assistance, Mental Health, Handicapped Children and the Family Farm.

He continued by developing his concepts of human values -- "abstracts hard to measure, impossible to see, but so real that without them humanity no longer finds meaning in living and all other riches are mockery."

He told what the Monarchy means to him, coming from Bavaria, traditionally a peaceful monarchy. "The monarchy is a visible reminder of our past . . . of the long struggle towards human betterment . . . a symbol of reassurance in an age that is frightening not only to older people, but to our youth," said the minister, in part.

He described in vivid and descriptive language what Canada has meant to him since coming here as a young man. "Canada means working in the gold camps of Yellowknife with all kinds of men, and all greeting you as an equal. It means being asked to play the role of an

Englishman in a Noel Coward play - me . . . Horst Schmid, still with a German accent so thick you can cut it. It means opportunities for getting involved with music. And towns and villages where people trust one another. Things that make life worthwhile."

Mr. Schmid went on to talk about the goals of the Department of Culture, Youth and Recreation.

"There is a malaise -- a strange sickness -- upon our society. Most of us, if we are honest with ourselves, wonder what has happened to the love, laughter, sheer gladness of being alive . . . all those riches of heart and soul . . . that the world once seemed to promise in overflowing measure."

If not in the arts, where else shall we find a cure for our ills? Where else shall we find the key to what we have lost?" he said. "What we must learn anew - learn before it is forever too late -- is the role of the arts in everyday living, in self-fulfillment, in humanizing the world once more."

He spoke also of leisure

time -- "With the onrush of technology, with experiments indicating the three-day work week is at hand, how vital is this matter now? For make no mistake about it: leisure time will do one of two things to our people. It will enrich them. Or it will destroy them. It is that terrifyingly simple."

"Consider the world about us -- not just brother fighting against brother in so many lands, or the news that deluges us daily of hate and crime, of upheaval and disaster."

"Behold the waves of 'mental breakdowns' among our youth -- the ones for whom we hold the world in trust, and who, before they ever inherit it, are broken by it."

"Yet I find goodness -- boundless energy -- kids with the bloom of health on their faces and the laughter of youth in their hearts. I found the Alberta people of tomorrow. And I ask: which way will you go in the next few years? In great measure, that depends on us all."

Christopher Leadership Classes To Start Jan. 24

The Christopher Leadership Course is designed to develop, without pressure, a participant's ability to speak effectively as well as his ability to understand, get along with, and win the co-operation of other people. Persons taking this course always find it an

enriching, enjoyable and unforgettable experience.

Anyone wishing to participate in this course which will be held here in St. Albert during 10 consecutive Wednesdays, beginning Jan. 24 should call Terry Gibeau at 599-8653 or Rene Morrisette 599-3472.

Lady Lions learn about self defence

Lady Lions attending the January 8 meeting at the Purple Dade were most fortunate in witnessing a fascinatingly skillful demonstration of the unique art of Karate. Presented by Emile Pelletier, Ray Enright, Lisa

and Norman Waunch, of the 4 Seasons Karate Clubs (North and Southside locations) the group performed impressive feats of strength and dexterity. Mr. Enright, a director and black belt instructor, gave the ladies a synopsis of the origin and history of this ancient art form, and explained the various exercises and moves.

The ladies were greatly impressed with the speed and strength demonstrated, especially by the feminine member of the group. Though petite in stature, and a fairly recent newcomer to Karate, Lisa Waunch ably demonstrated that she would prove herself a formidable adversary, and well equipped to defend herself if necessary.

In concluding, Mr. Enright invited questions from the floor, and gave the audience

information re, the 4 Seasons Karate Clubs. Ages of students range from 5 to 65 years, and the facilities include sauna, health programs etc. Contestants of the club have won several trophies in Canada-wide competition.

Emile Pelletier, well known owner-manager of the Purple Dade, and St. Albert Lion who contributes to such projects as the Senior Citizens annual Christmas dinner, and July picnic, is a director-instructor of the Karate Club, and an active sports enthusiast.

A big "thank you" was extended Emile by the Lady Lions, for arranging the program.

Lady Lions are busily planning their annual Sweetheart Ball, to be held Saturday, Feb. 17 at St. Albert Community Hall. Tickets

are now on sale, and may be obtained from Judy Simpson at the Bank of Nova Scotia, Doreen Robinson at the Hobbies and Pet Shop on the Mall, or any other Lady Lion.

The ladies are bending every effort to make this popular event another enjoyable affair. Tickets are greatly in demand, so St. Albert and area residents are advised to purchase them early. Proceeds from the Ball go towards worthy projects of the St. Albert Lions Clubs, and to the Lady Lions own projects, such as Summer Camp for Disabled Children.

Next executive meeting will be held at the home of President Roberta Freethy, 89 Grandora Crescent, Jan. 29th. Next general meeting at the home of Olive Keyes, 42 Greenwich Crescent -

members are asked to bring books or small (white elephant) items for sale to fellow members. Work details for the Sweetheart ball will be finalized at this meeting.

& Sales Ltd. are
pleased to announce
their recent
RCA
dealership franchise**

LOOK AT THE FACTS...
RCA's black and white television Achievement series chassis is transformer-powered for greater dependability and delivers 19,500 volts of picture power; the Townsman series chassis operates on 18,000 volts in 20", 19", 17" portables; and 12,000 volts in the 12" portables. A solid state silicone controlled rectifier and "dark heater" tubes provide cooler-operating, longer-lasting performance. And warm-up wait is eliminated with our Instant Pic Control that gives you picture and sound immediately. In addition, RCA's black and white chassis incorporates pre-set Fine Tuning to automatically give you the best possible picture on every channel after only one adjustment; a Keyed AGC automatic channel equalizer that compensates for TV signal variations to minimize fading; and a stabilizer circuit that locks-in the picture.

It also includes automatic picture balancing of contrasts and brightness as the picture moves from light to dark scenes.

All-channel reception from 2 to 83 with a Power Grid VHF tuner and a solid state UHF tuner that pull in sharp pictures even from hard-to-get stations complete the picture.

Of course, RCA's One Year Warranty on all parts including tubes and kinescope applies to all RCA black and white television chassis.

RCA COLOR PORTABLE FEATURES
Automatic Chroma Control

Prevents color from coming in either too strong or too weak. It stabilizes the color intensity, holds it exactly as you have originally set it with the color control knob for each channel, and does it automatically.

Other Color Portable Features

- Completely Automatic "Locked-in" Fine Tuning (AFT) that operates on both VHF and UHF channels is featured on some models.
- Lighted Channel Indicators (on some models).
- Black Matrix Picture Tube (on some models).
- Set-and-forget VHF Fine Tuning automatically "remembers" to select the best signal.
- 21,500 volt Chassis with advanced solid state components for greater efficiency and long life. (higher voltage on some models)
- Ultra-Bright PDS Color Picture Tube.
- Power Grid VHF Tuner and Solid State UHF Tuner produce maximum reception quality on all active channels (on most models).
- Solid State Silicon Rectifiers ensure cool operation and have greater life expectancy than tube rectifiers.
- Built-in antenna UHF and two-rod telescoping VHF antennas.
- Automatic Pulse Regulator maintains sharp picture focus

Mark Bell as Big Bird in the holiday Sesame Street presentation at St. Alexander Mackenzie School. Elementary music teacher, Edith Duckering is at left, conducting the grades 2 and 3 choir. The students and staff were assisted by the mothers with costumes, and Gladys Smith of St. Albert School of Dancing with choreography. Grade 4 and 5 students were the instrumentalists and some helped as life-sized Sesame puppet characters.

Women needed to aid Kinettes heart Fund Drive

For the fourth consecutive year the Kinettes Club of St. Albert is looking after the Heart Fund Drive in St. Albert, and they require the help of some 200 or more canvassers.

Each of the 28 Kinettes acts as an area captain and is responsible for covering that area. What is required of a canvasser is about one and one-half hours of her time, to make calls during the blitz period from Feb.

14 - 28.

On Feb. 14 the Kinettes are holding a coffee party for all canvassers at the Clubhouse, when information is supplied, questions answered and canvassing kits from the Heart Fund are distributed.

Any women who would be willing to help are asked to get in touch with Linda Stewart (599-5122) or Clara Matear (599-7552).

With the growth of St. Albert the past year, canvassers are urgently needed and volunteers will find it a rewarding experience for a most worthwhile objective.

He: "I think that good looking girl I've been dating must be a fortune teller."

Him: "Did she tell you that?"

He: "No, but every time I go out with her I have my fortune took."

Local skaters will do opening show in Bashaw

An ice show by the St. Albert Figure Skating Club will be a main attraction at the opening of the new arena in Bashaw, Alberta, on January 26.

The senior skaters, who were thrilled to receive the invitation early in December, used their Christmas holidays to good advantage working on routines, and are continuing with stren-

uous rehearsals.

Thirty-two girls on the CFSA program are involved and they have invited an associate member, Debra Lynn Paul, well-known St. Albert skater to go with them, reports carnival coordinator for the Club, Marina Koedam.

'Musical Around the World' is the theme of the show, and the staging includes four

solos and a duet. The club's two professional instructors, Marilyn Godfrey and Crystal Heasheugh are directing the performance.

The community of Bashaw felt that such a show would stimulate interest in the formation of a figure skating club in their centre, and the St. Albert club can feel honored at having been chosen.

Local people will be able to see the presentation as part of the carnival to be staged here, two performances of which are scheduled for April 13 and 14.

Spotlight On Drama

This coming weekend the spotlight will be on drama in St. Albert. The local drama group, the St. Albert on-Sturgeon Players, is throwing a Spotlight Coffee Party to focus attention on their activities, past, present, and future. From 2 to 4 p.m. on Sunday afternoon local residents are invited to the Clubhouse by the pool to enjoy coffee and refreshments and to support the local drama group. Souvenirs of the many fine past productions will be on display, and plans for the coming years will be discussed.

Anyone interested in joining the group is especially welcome and will have the opportunity of doing so at

the party.

The club is planning three more productions this year, a three act play to follow in the footsteps of last year's successful "See How They Run," a melodrama for the annual rodeo, and a musical comedy for the fall, so if YOU would like to get involved plan to attend.

AROUND TOWN

Local Macleod Store Manager, Jack Pickett, accompanied by assistant manager Fred Wyka and appliance department manager Larry Fedechko were all attending a two - day merchandising convention in Edmonton this week. Theme of the 'get-together' was Merchandising To Make Things Happen.

Peewee And Bantam Game Reports

By T. Ainsley

In Bantam "A" one game was played with the North Stars winning over the Seals 7 to 3. In Bantam B the Hawks came up with their first two wins of the season on the weekend winning over the Hutchings Shoe Sails on Saturday 6 to 4 and outscoring the Canucks in a

Ned: "Have you heard of that beautiful showgirl who is an excellent housekeeper?"

Ted: "Yeh, every time she gets divorced she keeps the house."

"I just can't figure out much about our new neighbors," said the woman over the back fence. "They have only one car, no color television and she hasn't any jewelry or furs."

"Perhaps," said her friend, "they just have money."

PUBLIC NOTICE

The Council of the Town of St. Albert will be appointing one additional Board Member to the Sturgeon General Hospital #100 as authorized by a recent Ministerial Order. Council invites application from interested citizens for this position on the Board. No person can be appointed as a member of the Board unless he or she is: (a) a resident of the Town of St. Albert, (b) is of the full age of 18 years, and (c) a Canadian citizen or landed immigrant. All applications must be in the hands of the undersigned by noon January 31, 1973.

R. B. Bowen,
Secretary-Treasurer.

(A BURNING RESPECT TOWN)

Town of St. Albert

PUBLIC NOTICE

The Council of the Town of St. Albert have, by Bylaw #64/72, eliminated the necessity of a list of electors and instead have provided that every elector shall subscribe to a declaration that he is qualified to vote and any person subscribing to that declaration shall be permitted to vote. Every declaration shall be subscribed to in the presence of the officer presiding at the poll.

Qualifications of a voter for the election of a Councillor and on the question of bus transit system.

1. The full age of 18 years.
2. The purchaser of and entitled to possession of land which is liable to taxation for general municipal purposes, or
3. The owner of land liable to taxation for general municipal purposes and of which there is no purchaser, or
4. The owner or purchaser of a business liable to taxation for general municipal purposes, and
5. That you are not otherwise disqualified from voting.

OR

You do declare that you are a Canadian citizen or a British subject, that you are of the full age of eighteen years, and that you have resided in the Town of St. Albert for a continuous period of twelve months immediately preceding the date of election, and that you are not otherwise disqualified from voting.

Qualifications of voter for election of a School Trustee.

1. The full age of 18 years prior to election day.
2. Canadian citizenship or British subject.
3. Resident in the district in which the vote is to be held for at least 12 months immediately preceding polling date.

A corporation, church or other religious organization or an estate is not entitled to vote at a byelection or on the question.

Any inquiries should be directed to the Town Hall at 599-6601.

The Other Plebisite Is About Buses

By Councillor J. J. Bakker
As part of participatory democracy the citizens of St. Albert will have the opportunity to express their viewpoint regarding the bus system on January 31, 1973. There are three questions on the ballot.

1. Do you favour municipal tax support of a bus transit system. YES or NO.
The very basic question here is, should tax dollars be spent on a bus system. Since a bus system within St. Albert has no viability at all, we have to look at a bus system that circulates through St. Albert and goes to Edmonton. A system within St. Albert only would mean paying a fare twice and transferring, measures that discourage people using a bus system.

Personally I favour tax support, since it is inevitable and since there is hardly any transit system

in the world which breaks even or let alone makes a profit and at the same time provides a service. No doubt the present bus company will treat St. Albert the same way as Nampa and Grisebach. With packed buses on Saturdays there seems to be no inclination to add service, and if packed buses do not pay what can we expect? A YES vote is the only way in which a bus service can be assured to those citizens who cannot drive, have a disabled car, do not want a second car, or cannot afford downtown parking.

2. Do you favour municipal tax support to the extent of:

One mill (average \$8 per residence or \$30,000 total) -- YES or NO.
1 1/2 mill (average \$12 per residence or \$45,000 total) -- YES or NO.
2 mill (average \$16

per residence or \$60,000 total) -- YES or NO.
NB. Average costs per year and the current value of a mill is given).

This question deals with the extent of tax support that can be given. Obviously the standard of service will depend on the frequency of service and the type of equipment used. One mill would mean using school buses or something similar and a little more frequent service as we have now. One and a half mills will mean either a more frequent service or using proper transit equipment. Two mills and we can have both a more frequent service and proper transit equipment. Any approvals will of course not mean that the council should explore provincial aid and integration with the school bus services in the Town.

This question is not entirely unrelated to the third question and it will be up to the council to get the best for every dollar spent. However citizens can indicate here whether they want to have a skimpy service or whether they want to see the job done properly.

3. Do you favour municipal tax support of a bus transit system: MUNICIPALLY CONTROLLED OR PRIVATELY OPERATED?

The fundamental question here is whether the Town should pay money to a pri-

vate company as a subsidy and little control over the fares or operations of that company. The alternative is to have the Town assume control, collect and determine the fares, and determine schedules and routes. The Town would, if it had control, be able to call for

bids and contract the service in the same way as school bus contracts are awarded, or it could operate a system on its own (probably the most expensive method). If the Town assumes control then proper transit equipment could also be used. As must be obvious to the reader I

favour that the system be MUNICIPALLY CONTROLLED so that Council is fully responsible. In this case I also favour contracting rather than starting a bus system of our own.

Please go to the polls and give YOUR views on January 31, 1973.

HEADING NORTH -- The entertainment and activities will be strictly northern at the Northwest Territories' Legislative Ball and the RCMP Ball in Yellowknife's Elks Hall this Friday and Saturday nights, but the catering, silverware, crystal and special kitchen tools needed to provide dinner for hundreds of guests are straight from Chateau Lacombe Hotel in Edmonton. Chef Ernest Butler of Chateau Lacombe displaying Canada's Arctic Char is surrounded by stewardesses Wendy Hyde, left, and Marlene Seawright shortly before boarding a PWA aircraft today (Jan. 15) enroute to Yellowknife to begin preparations for the affairs. Some 2,000 pounds of equipment plus a number of Chateau Lacombe staff will leave Edmonton Industrial Airport this week for the northern capital.

Thieves Have Eye For Willy's Car

William Mays of 13910-130 Ave., Edmonton who drives for St. Albert Cabs seems to have the kind of automobile car thieves prefer. Mr. Mays has come to that conclusion because thieves have stolen his 1964 Ford convertible twice in about three months. Both times, his car was parked

along the street near the Bruin Inn.

The first time Mr. Mays' vehicle went missing, was last October and it was recovered in the city after thieves had logged about 70 miles before abandoning it. Last Monday Mr. Mays' convertible was parked along St. Anne Street and he dis-

covered it missing at about 7:30 p.m. Police are still on the lookout for the stolen vehicle.

He: "My girl's father objects to me."

Him: "Oh, on what grounds?"

He: "On any grounds within a mile of his house."

Off-Highway Vehicles OK'd

Lands and Forests Minister, the Honourable Dr. Allan Warrack announces an easing of regulations governing off-highway vehicles.

Effective immediately forestry roads, trails, seismic and other cutlines under jurisdiction of the forestry department not currently being used by vehicles engaged in an industrial or commercial enterprise, may be used by all off-highway vehicles until further notice. But all other requirements of the off-highway Vehicle Act as administered by the Highways Department must be observed. Snowmobile and other such vehicle operators planning to use an area should take care in selecting the route they travel. Where there are tracks from normal vehicle use or signs that the road has been ploughed the throughfare

should not be used by off-highway vehicles. Offenders may be prosecuted for violation of this order.

Dr. Warrack warns that if this liberalized policy for off-highway vehicles is abused it may become necessary

to rescind the order. If owners of snowmobiles and other such vehicles are uncertain as to which roads and trails may be used they should check with the nearest forestry office or offices of the department.

MURDO MacFARLANE

Town of St. Albert Notice of Public Hearing

The Council of the Town of St. Albert having been given authority under Section 119 of the Planning Act 1970 R.S.A., as amended, to control development within the boundaries of the Town of St. Albert by zoning, will hold a public hearing.

The purpose of the hearing is to zone the properties as outlined on the map below.

The proposed Bylaw #4/73 may be examined between the hours of 9:00 a.m. to 4:30 p.m. at the office of the Secretary-Treasurer, Town Hall, St. Albert.

The public hearing will be held in the Council Chambers on the 19th day of February at 7:35 p.m.

Written objections to the proposed bylaw will be received by the Secretary-Treasurer at his office until 4:30 p.m. on the 14th day of February, 1973. Objections shall be submitted in writing prior to the meeting, those which have been received before the designated time will be discussed at the meeting before further oral presentations will be recognized.

Our Half Acre

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS' OPINIONS

Income Tax Information Important To Farmers

Comments by Wally Klatt, District Agriculturist.

Farmers are advised to get copies of the publications that are available on the new tax rules and to study carefully those that pertain to him.

The new income tax act, which came into effect in January, introduces considerable changes in both terminology and the method by which taxable income is computed.

Although many farmers will not have direct contact with the new tax provisions until they file their income tax returns for 1972, the decisions that they will be making during the present year could have a considerable influence on their tax positions for this and subsequent years. In fact some decisions concerning changes in the organization of farm operations could have very serious and irreversible tax implications.

The following bulletins explain specific parts of the new tax act:

Capital Gains, Partnerships and Corporate Tax Guide, Valuation Day, Basic Herds.

Copies of any of the above publications can be obtained from the Taxation Distribution Centre, P.O. Box 3499, Ottawa, Ontario K1G 8L5, or the Edmonton Taxation Office.

A NOTE ON VALUATION - Valuation Day was established in recognition of the fact that a capital asset held at the start of the new system might have a fair market value significantly different from its original cost.

A current value is established for such assets which may be used as a substitute cost in measuring a capital gain or loss when the assets are sold. No tax will be assessed or losses allowed for any capital gain or loss which arose before the new system began. Two Valuation Days were established *December 22, 1971 for publicly-traded shares and securities, and

*December 31, 1971, for all other types of capital property.

The taxpayer is not required to establish or report a Valuation Day value for any property until the property is disposed of. However, it may be several years before the property is sold or deemed to have been disposed of on the death of the taxpayer. As time passes, it will become increasingly difficult to establish such a value. Properties should therefore be valued shortly after Valuation Day and that value maintained on your files until the property is disposed of.

Establishing Values on Your Farm Properties -- There are four properties which should be valued on the farm:

- 1) your farm (land, buildings and other improvements as a unit)
- 2) your basic herd
- 3) your farmhouse
- 4) and farm machinery where you may expect to receive proceeds of disposition greater than the purchase price.

The farm as a unit can be valued in several ways, and can be done either by

the farmer himself or by a professional appraiser. Perhaps the easiest way is to note the sale price of farm property in the same area and similar to your own. A comparison of his municipal assessment and yours should give you a fair indication of how the price he received would compare to the price you could receive on disposition.

Municipal assessment of farm sold -- amount received for farm per acre sold. Municipal assessment of your farm -- fair value for your farm per acre.

If you receive any legitimate offers to purchase your farm, you should have it in writing and filed in a safe place. Keep records of all farm sales that occurred in the last one or two years as well as those in the next two years. Note your farm characteristics such as productivity, acres cultivated, property tax assessments, income, land use, improvements (water, power, gas, telephone), and any home repairs made.

The location of your farm can have some bearing on the value of your farm. For example, a location near the city limits of an expanding city might result in a higher valuation. The location must have some bearing on price and you must be able to support in writing a value higher than productivity. Prices received for small parcels of land will be discounted somewhat when applied to the sale of a larger area. For example, the price received on the sale of a 40 acre parcel cannot be

multiplied by 16 to establish a price for a whole section. You will get less for the whole than the sum of the parts. Sales of property in the area will be helpful in substantiating prices influenced by location.

Any other special circumstances which might influence the value of your farm must be considered. For example, a railroad right-of-way or a slough would mean a lower value on your property than on your next door neighbor's who has neither of these.

You have to document your evaluations to the satisfaction of the Income Tax Department. Hence, it's up to you if you want to do it yourself or hire a professional appraiser. Check the credentials of the appraiser to ensure he is in fact a "qualified appraiser" as laid down by the Professional Appraisers Association.

As the act stands now, professional appraiser fees for establishing a Valuation Day value are not deductible. However, appraiser fees incurred at the disposition of the farm are added to the adjusted cost base.

Your basic herd should be

DEPARTMENT OF AGRICULTURE -- PH 256-3351

valued as of December 31, 1971, and a record kept. Livestock market sales for days close to Valuation Day will give you adequate proof. Any exotic or rare breeds should be valued separately from the commercial herd.

While you will not be taxed on any capital gains realized on the sale of your principal residence, it is important that you have value for it. An option is available to farmers when disposing of a farm including a principal residence (which necessitates a Valuation Day value).

Farm machinery ordinarily does not appreciate over its original cost. However, if you own a machine (at December 31, 1971), on which you have been claiming capital cost allowance by the straight line method and expect to dispose of that machine and realize a capital gain, you should have the original cost of the machine documented. If you have been claiming capital

cost allowance by the diminishing balance method you should also document the valuation day value. A farm implement dealer should prepare in writing what he would expect to receive from the sale of the machinery, not what he would give you in trade. Capital gains made by disposition of machinery are subject to tax. Recapture is subject to tax if you are on the diminishing balance method.

Any reasonable value will be accepted by the Department of National Revenue. The most important thing for you to do is have as many written documentations to support your value as possible. If the value is ever questioned, the onus is on you to substantiate it. The more pieces of proof you have the easier this will be. Acknowledgement is paid to Bob Lyons, D.A. at Pincher Creek for most of the above information.

2-Day Course On Leadership

By Pat Prymak, District Home Economist.

This course has been planned with you in mind -- as an individual and as a community person. We are looking at drawing on the leadership skills that are present in most every one of us, then building on these skills to aid us in planning and carrying out tasks or programs in our home or community activities.

DATE: January 31 (Wednesday) and February 1st, 1973 (Thursday).

PLACE: St. Albert, Star of the North Retreat House.

TIME: Begin 9 a.m. Wednesday to 3:30 p.m. Thursday.

THE COST IS JUST YOUR TIME AND TRAVEL. So -- let's get together for two days, enjoy ourselves, meet other women and relax.

(No meals to cook)

Seed Oats

By Wally Klatt, District Agriculturist.

There may be a shortage of good seed oats for the 1973 seeding. Farmers are encouraged to obtain a source of seed oats as soon as possible to avoid disappointment. It is suggested farmers contact neighbors, seed cleaning plants, etc., to obtain good seed. Ask for the official germination test.

Farm Computer 'Canfarm'

By Wally Klatt,

District Agriculturist

Our approach to Canfarm this year will make it relatively easier for farm-producers to use it in their business.

In review Canfarm is a computerized accounting system that does the bulk of

computations and listing data that all farmer-businessmen require. This requirement is becoming more important each year.

If you're interested in Canfarm, then contact me during January or February. Phone 256-3351 at Morrisville.

Tax & Marketing Seminar Planned

By Wally Klatt

Eight lectures on Taxation and the Farmer and on Marketing are available this winter at the Sportex Youth Building, Exhibition Grounds, Edmonton. These lectures will be every Wednesday afternoon from 1 p.m. to 4 p.m., February 7 to March 28. The first four lectures are on Taxation and the Farmer.

The cost is eight dollars per person or farm unit. The fee will provide a three-ring

binder with copies of each lecture, coffee each afternoon and a certificate on completion of the course. Husband and wife or father and son, etc., may register as one unit (limit of two persons per farm unit).

If you're interested contact Wallace Klatt, District Agriculturist at Morrisville and/or complete the following and send it with your fee to the D.A. Advance registrations are required by February 2nd, 1973.

Edmonton and District Grassland Association Agricultural Seminars - ADVANCE REGISTRATION:

Registration fee is \$8.00. Make cheque payable to Edmonton and District Grassland Association, and return application to Box 510, Morrisville.

DID YOU KNOW THAT...

THE HOME-MAKER

By Pat Prymak, District Home Economist.

1. Completion of the Defensive Driving Course offered by the Alberta Safety Council entitles the driver to two merit points and in most cases a considerable discount on car insurance? One insurance company contacted in Edmonton advises they will allow Defensive Drivers Insurance at last year's rate, which is a saving of 15 - 20 per cent.

2. It costs more to use certain convenience foods than to prepare your own homemade product. For ex-

ample: premixed pancakes cost 24 per cent more than homemade ones, frozen apple pies cost 82 per cent more than homemade, and frozen chicken dinners cost 150 per cent more than homemade.

3. By adding two teaspoons cooking oil to water before cooking noodles, rice, macaroni or spaghetti, you'll prevent that gumminess that so often occurs and it won't boil over!

4. You can remove discoloration of the non-stick surfaces on an electric skillet, by boiling the following solution in the pan for five

to ten minutes: 1 cup water, 1/2 cup liquid household bleach, two tablespoons baking soda. Wash with detergent and water after.

5. Knots on sweaters can be removed by gently rubbing the surface with the wet sandpaper. A razor will produce the same results, but requires more care.

6. If your scatter rugs are skidding, they're dangerous! Prevent an accident by spraying a non-skid substance on the back, or by sewing on sealer rings.

7. You can have your water tested for hardness and iron content at many plumbing establishments and through Simpsons Sears order office. Some will even tell you what kind of water softener you need for your particular problem.

8. There are several reasons why cakes have poor volume - oven temperature too high or too low; insufficient creaming of sugar and shortening; wrong kind or too much flour; excess mixing.

HUNTER TRAINING AND CONSERVATION
Hunter Training and Con-

servation classes got underway this week on Wednesday the 17th from 7:30 - 10 p.m. This training program is open to all interested persons of 12 years of age and up. Openings are still available and those interested may obtain further information by telephoning Nell Duggan at 799-5802 or Gordon Wenzel at 799-5783.

The annual general meeting of the Horse Hill Community League will be held on Thursday, Jan. 25 at 8 p.m. in the Horse Hill school. It is important that everyone be there.

Calahoo Sports

The Calahoo Canucks pee-wee team coached by Cliff Fowler are having lots of success lately scoring two wins and a tie in the Parkland Minor Hockey League.

Tim Witchen scored four goals in a 13 - 0 win over Devon. Normie Majeau added a pair and Dale Schallers Russell Letendre, Nicky Letendre, Donnie Fowler, Shane Quintal, Roy Sing and Dale Toma added the others. Against Devon last Saturday Travis Patrick racked up his second shutout in a row with a 5 - 0 win. Normie Majeau, Tim Witchen, Randy Karakonic, Donnie Fowler and Shane Quintal scored.

On Sunday the boys tied with Spruce Grove 4 - 4 but the goal scorers were not available.

Namoa United Church's congregational dinner and annual meeting will be held after the service on Sunday, January 21 in the church basement. Films will be shown for the children in the C.E. Building during the meeting. Everyone is welcome to attend.

Mrs. Verna Barnett continues to improve in Royal Alexander Hospital.

The first Expedition of the New Year for Namao's Explorers was held on Jan. 10. New officers were elected. They are: Chief Explorer - Lorri Porter; Keeper of the Treasure - Ariene Fewhawk; Keeper of the Log - Lisa Nelson; The Mission Study on India was introduced.

Namoa School and Community League held their first meeting of the New Year on January 11. Mr. George Horricks presented a cheque on behalf of Namoa Light and Power Co-operative Limited which has now ceased to operate. It was decided to hold the annual carnival on February 16 and 17. Races will begin at 2 p.m. on the 16th with a family dance in the evening in the school gymnasium at which time the carnival queen will be crowned.

Queen candidates are: Anna Huber, sponsored by Mothers Take a Break Group; Debby Carruthers, sponsored by Baseball and Rink Committees; Karen Bindon, sponsored by the Gymkhana Club and Namoa Hall Board. A lucky draw will be made for a 12" T.V. set. Skidoo races will be held on Saturday afternoon if enough interest is shown. We urge everyone to support the carnival by buying tickets from the girls when they call.

Skating practices will be held at the rink every second Friday, weather permitting with the next one on January 26th.

McBURNIE-FAULKNER WEDDING

On Saturday, January 13 Brian McBurnie, oldest son of Jay and Douglas McBurnie married Jean Faulkner, youngest daughter of Ivy and Horace Faulkner. Padre R. Bartlett performed the marriage ceremony at the Griesbach Chapel. A reception and dance were held at the Purple Dye. After a honeymoon trip to California the couple will take their home at Cambridge Bay, N.W.T.

By Flo McGinnis

January 8 saw the regular meeting of the Morinville Board of Trade held in the Legion Hall with 19 members present. The President's report outlined the successful year that the Board enjoyed in 1972. Several important objectives were realized during the year, not the least of which was seeing the location of the ALCB outlet settled, and obtaining assurances that construction will definitely begin in the spring.

During 1972 a number of guest speakers were hosted so that the Board members would be always fully informed on vital issues. Speakers heard were Mayor Stapleton, Reeve Walter Vande

Walle, MLA Ernie Jamison, Cpl. Marv Sheppard of the local RCMP, John MacDonnell of the Sturgeon School Division, and Les Young representing Edmonton-Jasper.

The Board put much time and energy into delegations, and sent off numerous letters regarding: Post Office hours of opening; Lawyers' and Dentists' services for the town, plus many other items. In some of these areas the Board of Trade has been successful and in others they are still working diligently.

Being co-ordinator for Sturgeon area for the nominations to the Farm Family Award was another big job well done, as we saw the

John Stevens family win the award. This naturally makes everyone proud, not only the Board of Trade.

Several donations were made to worthwhile projects during the year including: the Senior Citizens Rendezvous Club, the Student Exchange, the Community Hall, the Party and the Recreation Board.

President Romeo Boissonault concluded his report with the hope that 1973 will be an even better year. During the coming year your Board of Trade will continue to work for the betterment of the town and district by promoting goodwill, increased services and broader communications. The Morinville Board of Trade is "Where It's at for 1973."

News from Calahoo

By Lisa McLeod

With the weatherman co-operating famously the Golden Age Club at Calahoo met January 10 with 24 members and one visitor, Mrs. Steve Flaherty of Sandy Lake. As always this friendly group enjoyed the afternoon visiting, playing cards darts and bingo, climaxed by lunch. A person has a chance to know their neighbor better at these meetings.

In the short business session a letter was read from program director, Maurice Joubert from Ottawa telling the group they received their letter, which is now under consideration.

Many thanks go to our Municipal District of Sturgeon No. 90 and Laurent Coulombe, head of the recreation for the cheque which was gratefully acknowledged in a letter, sent, by the secretary of the club.

This was a day to receive

sines the Green Willow Mutual Telephone Co. Ltd., now dissolved, kindly donated their small amount of monies left, over to the Golden Age Club. Many thanks to the Mutual for this kindness also.

It's so nice to have the new tables now. The next meeting will be held on Jan. 24 at 1 p.m. providing it's 10 below or less on that morning. Hopefully this beautiful weather will continue, at any rate the winter will seem shorter because of it. Visitors are always welcome.

Congratulations to the Calahoo men's hockey team, the Scorpions, on winning their game against Bon Accord. In fact they've only lost one game so far.

And the bantams under Serge Grloux's coaching are doing really well this

year and in their game Jan. 13th they creamed the Devons 13 - 0.

The Calahoo Sports Association wish to thank everyone who came to make their New Year's Eve Frolic such a success. The Gazebo was bursting, the snows but everyone had a wonderful time on the 31st. On Jan. 13 a good crowd attended and enjoyed the Walt Disney film, Johnny Appleseed and Casey at the Bat. The Sports Association appreciated the support of the district and the next show will be announced later.

It sure is nice to hear that David and Doreen Quintal's son Timothy is home from hospital and doing well.

Do hope you stay well Helen Quintal after spending a few days in Sturgeon General Hospital so soon after your anniversary.

Karl and Vera Schmermund's (nee Bergstraiser) daughter Donna, who was born while her parents lived in Green Willow district, chose the teaching profession as her career and was fortunate in obtaining a position in Sangued.

This correspondent surprised Mrs. P. Birdie Bradbury on Jan. 9 by phoning her and wishing her a happy birthday. It was pleasing to hear that the family are all well and Birdie and Perley are grandparents again now that their son Jack and Judy have their third daughter, born Dec. 24. After 11 years of marriage their daughter Maria and husband Richard Woolner have a son, Jerome James, born on Dec. 6.

Richard and Maria are just so very happy as are all their relatives and friends for them.

M.D. Board Plans Recreation Poll

The Sturgeon Recreation Board Public Relations Committee, set up to assist ratepayers with Sturgeon to become more aware of the implications of the oncoming recreation poll, met Monday January 15. Reg Crozier was elected chairman of the committee.

The members expressed concern that ratepayers are not well informed on the upcoming opinion poll; which will be included with the financial statement, asking if they are willing to be taxed for the purpose of building public recreation facilities.

It was decided that a sche-

dule would be drawn up to illustrate what facilities can be built if tax money is allocated. It was also decided that information would be issued through the Gazette each week and a series of public meetings will be held to answer any questions ratepayers may have. There will be meetings held in Villeneuve, Calahoo, Riviere Qui Barre, Alcomdale, Morinville, Legal, Bon Accord, Gibbons, Namoa and Horse Hill between February 12 and 27. The dates of the meetings in specific locations will be published in the Gazette shortly, and residents of the municipality are asked to watch for the date in their area.

Gibbons Council Discusses School Sites - Arena

All members were present at the Village of Gibbons meeting this week.

The water and sewer school on February 6, 7 and 8 at the Jubilee Auditorium will be attended by Bill Gould.

Councillors voted unanimously to again pay its membership to the Edmonton Area Industrial Development Association.

The mayor and secretary will attend the meeting at the Norwood Auxiliary Hospital on February 15.

Mr. Austin and Mr. MacDonald came to the meeting to discuss the school situation and the increased attendance that will take place in the village schools in the future.

As the village have now annexed another quarter section of land into the village limits they felt that arrangements should now be made to purchase land in that area for an elementary school in the future.

A new dog bylaw was read and new licence rate set for the village. The licences are now five dollars for a male dog and ten dollars for a female. A Canine Control Officer is now being contracted for the village and the following fines will be

enforced. A dog running loose with a dog licence attached with cause the owner to pay a fine of ten dollars for each time the dog is picked up. A dog running loose with no licence will cause the owner to pay a fine of twenty five dollars if the owner can be located and will be taken to the pound in Edmonton if no owner is located.

The annual meeting for the village will be held on March 22 at 7 p.m. in the Community Hall.

A group of eight attended the meeting to discuss the new arena and ways and means of financing the costs of the building. They generally felt that two, three, four or five mills should be set aside from the village as well as all other villages and the Municipal District of Sturgeon to help finance the cost and operation of the arena. It was suggested that a questionnaire should be taken around to the ratepayers so that all questions should be answered.

Cpl. Sheppard from the Morinville RCMP attended the meeting to discuss police business. The general public are asked to help the police by reporting any infractions of the law. Snowmobiles running on the streets and alleys will be picked up and fines applied to the owners as the law provides.

Gibbons 4H Garden Club

By Judy Demers

Dianne Gordon is president of the Gibbons 4H Garden Club, now in their 22nd year. Other officers are: vice president, Janet Lamoureux; secretary, Janet Demers; treasurer, Shane Allison; club reporter Judi Demers; club librarian, Greg Sawchuk; lunch committee, Albert Goutbeck; Maureen McConnell; entertainment committee Dean Malner, Bobby Sawchuk, Hilton Malner.

Club leader is Mrs. G. Paradis and meetings are held on the first Tuesday of every month at 8 p.m. Interested newcomers to the district are welcome.

MORINVILLE MEMOS

By Flo McGinnis

All reporters from local clubs and organization are asked to please co-operate and bring in any news items they have to the new Gazette mailbox at the McGinnis Realty office next to the Post Office. If you need assistance please call me at 256-3248 weekdays, I'll help, if you'll help.

Many of our Morinville residents are enjoying holidays in Hawaii this month. Those away are: the Albert Craig family, Pat and Joe Krauskopf joined by daughter and son-in-law from Kelowna, and Jeanette and Art Krauskopf will be leaving next week. Taking a motoring trip through Mexico are Lawrence Fuchs and Norman Houle. While Gaston and Marie-Taule Kres-

mer are off to Europe for six weeks.

A very successful farewell social was held for the Art Soetaert family, long time residents of Morinville.

Cpl. Mark Sheppard reports that organizations wishing to hold bingos, raffles, or lotteries are required to obtain a permit from the local RCMP detachment. Citizens are asked to co-operate in this regard. You may call the local RCMP at 256-3520 for complete details.

Cpl. Sheppard has also asked us to advise that the Morinville detachment's telephone recording system will be discontinued shortly. If you call the -3520 number

and receive no answer, and your call is of sufficient urgency then dial "0" and ask for ZENITH 50,000 (Toll Free). Your call will be answered by the RCMP in Edmonton and they will relay your complaint to the Morinville Patrol Car.

The telephone directory has the Zenith number listed under Emergency Calls and you are asked to please make a note of it. It would be advisable to note it on the list that you keep near your phone. Make yourself aware and be better prepared!

The Morinville Legion will hold their regular monthly social evening on Jan. 27, at the Clubhouse. Come out and enjoy an evening of quiet enjoyment. The local branch has recently associated a number of Associate members and are planning a number of new and interesting projects for 1973.

Rental arrangements for the Legion Hall may be made by contacting Jo Calder at 256-3096.

Morinville Rec. Bd. Needs Your Help!

By Flo McGinnis

At this rather "in-between" time of year it likely appears to many of you that there is a lack of activity and yet there are others who are so involved that there is scarcely time to turn around.

Your local Rec. Board needs a secretary in the worst way! We need someone who is interested in progress, interested in community affairs, and willing to devote a little time to the same. Taking notes, doing up the minutes, a few letters and phone calls is not an awful lot to ask of someone is it? If you can help us out or might know of someone who can, could you please call me at 256-3248. It never hurts to inquire regarding the details anyway.

The joint meeting with Town Council, Thibault School Board and the Rec. Bd. on January 11 was very rewarding. The topic of discussion was "Regional Recreation," and a number of good ideas were exchanged. The Morinville members

Report From Bon Accord

By Sadie Allen

A warm welcome to Jodi Beth Whitson who arrived on January 7 and weighed in at 6 lbs. 8 ozs. Congratulations to proud parents Keith and Elaine.

The St. John's Ambulance First Aid course sponsored by the Workmen's Compensation Board will be held on Feb. 12, 13, 14, 15, 19, 20, 21 and 22 in the Bon Accord School from 7:30 to 10 p.m. Anyone from age 14 is eligible to attend. Rates for the course are \$3.50 for students; \$10 for adults and free for anyone paying Workmen's Compensation. Volunteers for the Brigade Units for Gibbons and Bon Accord who sign up prior to the February classes will receive their instruction at a special rate of \$3.50. Those interested may contact Mrs. Ruby Lampkin at 298-3756 or Nigel Mansfield 298-3625. The same course will be offered at a later date by Mrs. Lampkin, for those who are unable to participate at this time.

On December 19 the Bon Accord 4H Food Club held their Christmas party. Faye Strawson made a cakewhich was out in the shape of a Christmas tree by Mrs. Ethel Samis. Club members made the icing and decorated the cake which they gave to Mr. Chester McBride who is convalescing after a knee operation. Members also made pennants out of prunes, marshmallows, walnuts, peanuts and something suitable for the eyes. Our Food Club is going very well. This report was submitted by Club Reporter Carmen Carleton.

Bon Accord Play School is asking for applications for the position of teacher for the five year olds. Anyone

interested may contact Marg Everitt 298-2209.

Carnival dates for Bon Accord have been set for the 23, 24 and 25 of February. Friday night will feature the crowning of the queen and a family dance. Saturday night a beansupper and bingo while the highlights of Sunday's entertainment will be the snowmobile races and a figure skating display.

The annual meeting of the Community Centre will be held on Monday, Feb. 12.

The Community Centre Board will hold a pancake supper on Shrove Tuesday, March 6.

The Ladies Community Club held their meeting at the home of Mable Veran on Wednesday, January 10 with 18 members in attendance. New members Marilyn Carleton and Marilyn Huber were welcomed into the club. Highest prize was won by Marilyn Carleton. The next meeting will be held on Feb. 14 at the home of Gladys Abramski.

Bon Accord Holy Trinity Anglican Church held their annual congregational meeting at the church on Jan. 14. Bill Carleton was chosen as Rector's warden and John Morris as People's warden. The vestry are Ruth Cline, Doris Carleton, Art Straw-wood, John Bland and Syd Schick, who was also made an alternate delegate for the People's warden to the Synod Secretary is Alice Strawson.

On Friday, Dec. 29, the Bon Accord 4H Clothing Club enjoyed their toboggan pizza party tremendously. Every member brought her own toboggan to soar down the snow-covered hill. The weather was cold but the pizza warmed up everyone afterwards. The 4H members who went to the party, opened gifts wrapped presents brought by each member. Members attending were Faye Strawson, Marsha Rigney, Wendy Bowman, Debbie and Lydia Uchacz, Diana and Janet Mulligan, Lori Pawluk, Wendy Lewis, Lori Ketter, Kim Reynolds, June and Joyce Zondra, Vivian Owen and Cynthia Bojchko. All the club members extend their thanks to Mrs. Alice Strawson for the use of her facilities. This report was submitted by Club Reporter Cynthia Bojchko.

The Anglican Church Women held their annual meeting at the home of Mrs. Hilda

Mulligan on Thursday, Jan. 11th. Elected to the executive were President Mrs. Ruth Cline, vice president, Mrs. Rita Mulligan, secretary treasurer Mrs. Shirley Bland.

Mr. John (Jack) Currie, resident of the Elmwood Lodge, Edmonton, and formerly of the Bon Accord. Legal districts passed away on Dec. 19, Mr. Currie was born at Tarbut, County of Argyll, Scotland in 1892. Funeral services were held from Howard and McBride Funeral Home with interment in the Bon Accord Cemetery. He is survived by four daughters, Gertrude, Mrs. Myron Schneider, Eileen, Mrs. Irvin Rude; Kathleen, Mrs. Rod Belle and Beatrice, Mrs. Wally Knott also 10 grandchildren and two great-grandchildren.

The Senior Hockey Club came up with wins over Alexander and Morinville on January 12 and 14 respectively but lost out to league leaders, Calahoo, on Jan. 9.

The Alberta Goat Breeders' Association held their annual meeting in the Bon Accord Community Centre on Sunday, January 14. Election of officers was held with the following being successful: President Peter Slimm, Bruderheim; vice president, Lyle Hamer, Westlock; sec. treas. Elaine Offer, Sangu-wood; promotion director, Ethel Samis, Bon Accord; directors, Aileen Lesniak, Coronado, Doreen Hamer, Redwater; Marg Slimm, Bruderheim; Van Ineschoot, Stony Plain; Ralph Danard, Carvel Corner and Stan Offer of Sangu-wood. Despite the distance many had to travel there was a good representation of goat enthusiasts in attendance.

Get well wishes are extended to Mr. Jim Russell and Mr. Charles Lewis, patients in Edmonton hospitals. Mrs. Frank Chubb (nee Shirley Lewis) is up from Pen-ticton on a special trip to visit her dad.

Woman at auction to friend: "I'm really getting quite good at this, I won every item I bid on last week."

Bon Accord Council Hears Reps On Recreation-Fire Teams

By Sadie Allen

The regular monthly meeting for January 1973 was held one week early, on January 8, by mutual consent of council. Owing to the volume of business the meeting was adjourned at 9:45 p.m. and reconvened on Tuesday, January 9. The maintenance foreman will attend the advanced course on the operation of water and sewage systems to be held at the Jubilee Auditorium in Edmonton, January 11 to 19 inclusive.

Office renovations are being contemplated by the Village and an enquiry has been made to the Department of Municipal Affairs to find

Emma Belanger Celebrates 90th Birthday

On Wednesday, January 10 Mrs. Emma Belanger of Villeneuve celebrated her 90th birthday, surrounded by her children, grandchildren, relatives and friends. The evening commenced with an anniversary mass in St. Peter's Church, Villeneuve, offered by Rev. Father Volk for the special occasion. Immediately following, the crowd gathered in the Villeneuve Hall for an evening of informal visiting and entertainment. A delightful concert was presented to Mrs. Belanger, Marcel Normandeau acting as master of ceremonies. The special occasion was followed by lunch.

Out of town guests were Mrs. Julien Carrier of Jous-sard and Mrs. Ed Shrum of Whitecourt. Mrs. Belanger also received telephone calls extending birthday wishes from Mr. and Mrs. Philip Goudreau and Mr. and Mrs. Lucien Portelance of Tanguet, and Mr. and Mrs. Herbert Sparks of Duffield, and a variety of lovely gifts. The evening was thoroughly enjoyed by all, and we wish her many more happy years!

out if this project will be eligible for assistance under the Winter Works Program.

A four-member representation from the Sturgeon Agricultural Society met with Council to discuss mill rates for Recreational Capital Projects. Mr. Clayton Crozier of Nampaw acted as spokesman.

The annual meeting for the Village of Bon Accord will be held on Monday, March 12 at 8 p.m. in the clubroom at the Bon Accord Community Centre. Owing to recent growth in village population, council decided to have a 1973 census taken. In order to be eligible for the Municipal Assistance Grant, the new figure must be obtained by January 26, 1973.

The nine members of the Community Centre Board were officially appointed to the Bon Accord Recreation Board.

Mr. Nigel Mansfield was

invited to the meeting to give a report on his work in connection with a proposed fire team. He brought a letter from Alberta Government Telephones giving details and costs of fire phones. He also stated that the Edmonton Fire Commissioner would aid in the training of a fire team as soon as the list of volunteers is available. Mr. Mansfield felt that there would be no shortage of volunteers. It is expected that all Volunteer Firemen will attend the St. John's Ambulance Fire Aid Course to be held at the school in February. A discussion took place on the proposed portable fire pumping unit, and it was felt that, if obtained, this equipment should be housed in a heated building and mounted on a trailer of some kind.

NOTE: The 1973 Census has now been completed and the official figure, as of January 13th, stands at 399.

Legal Hunter Program

The Hunter Training and Conservation Program held their awards night in the Legal Recreation Centre on Friday, January 12, 1973. Fifteen of the successful students received their awards and then took part in the social afterwards. In all 21 people successfully completed the course under the direction of Mr. Keith Reed, Reverend E. Miller, Kenneth Rye, and "Snip" Loblick. Mr. Red

Hassay, head of the Hunter Training Department presented the awards and also answered questions that were directed to him.

The Municipal District of Sturgeon Recreation Department hopes that more Hunter Training Courses can be held in the area, and anyone interested in having or attending a course may notify a Community League, Recreation Board, or the MD office.

Instructors of the Legal Hunter Training and Conservation Program are from left, Reverend E. Miller, Keith Reed, Kenneth Rye, and "Snip" Loblick.

Hector Quintals Mark Silver Anniversary

By Liz McLeod

January 5 was an event-filled day and one Hector and Helen Quintal will always fondly remember. Al-

though their 25th wedding anniversary was January 6 it was meet to hold the family supper at Calahoo on the 5th and then on to the Stony Plain Community Cen-

tre for a wonderful time dancing, visiting and again a midnight supper.

For the dinner, held in the church basement and catered to, by Calahoo Women's Institute, the family and friends enjoyed the meal as well as the speeches called upon by the very capable master of ceremonies, Mr. Barney O'Neill.

The bride, Helen of 25 years had some well chosen words for her guests, as did Mr. John Krupa, her brother-in-law.

Mr. Frank Gawron, Helen's father and Mr. Henry Quintal, Hector's father, added to the many already appropriate remarks and Mr. Bruce York, brother-in-law sang several songs. About 60 people enjoyed the dinner.

Later all went to the dance where a large crowd of friends, relatives and neigh-

bors gathered for a real good old fashioned fun and dancing, to renew friendships also with former neighbors, retired and living elsewhere, climaxed by more good food and congratulations.

Hector and Helen again thank their children, Wayne, Eric, Linda and families, and Gale, and two brothers, Lyle and Kevin, at home for making this day such a memorable one.

Congratulations Hector and Helen from everyone in the community. May you have many more years of health, happiness and prosperity.

Sturgeon Association Minor Hockey Week

The Sturgeon Minor Hockey Association will hold Minor Hockey Week from January 21 - 27, with 34 teams involved. Centers participating are Bon Accord, Gibbons, Legal, Morinville, Redwater, Riviere Qui Barre, Villeneuve, Vimy and the Sturgeon Valley Community League. All finals will be played on Saturday, January 27 in Legal or Morinville.

The following schedule will apply for Minor Hockey Week:

MIDGETS (FINAL GAME IN LEGAL - 7 P.M.)

WINNER (1) - WINNER (2) BY JAN. 25, 1973.
WINNER (3) - VIMY BY

The reluctant bridegroom explained that he didn't want to marry her for her money -- but he didn't know any other way to get it.

Morinville Honors Dave, Ann Kegler

By Flo McGinnis

January 11th saw some 70 people gathered at the Morinville Legion Hall to pay tribute to and bid farewell to one of our residents who has spent almost five years working towards a better community and especially for advanced recreation facilities and sports activities.

Dave and Ann Kegler were transferred to Morinville from Edmonton in 1968 by Plains-Western Gas and Electric. Almost immediately they became involved deeply in community affairs. Working extensively with hockey and baseball, Dave put much of himself into the Sports Association and its activities. Upon becoming a member of the Morinville Lions Club, Dave took part in all the programs and served in various capacities. He was the president at the time of his transfer and is a dedicated Lion in every way.

The community could always call on Dave if extra help was needed with any worthwhile project. The town will dearly miss him. Paying tribute to Dave at the farewell supper were:

Mayor Stapleton speaking for the town; Maurice Van Brabant on behalf of the Sports Association; Garnet Wiley for the Lions Club; Gus Ricard on behalf of the community. Ann and Dave received several gifts including a digital clock radio, a barometer-thermometer set and a barbecue complete with serving tools.

Out of town guests present were Dave's brother Allan and his wife Shirley from Edmonton, as well as Donna and Bob Hemeyer who drove up from Leduc.

Dave has taken up his new duties in Pincher Creek now, Ann and children David (8 years), Sandra (6 years), Donna (2 years), Randal (3 1/2 months) will follow shortly.

Bill Emmerzael is Dave's replacement, he and his wife having now taken up residence in Morinville.

The farewell was organized jointly by the Lions Club and the Sports Association, and honest and warm tribute to a hardworking community-minded fellow. The good wishes of all Morinville go with the Kegler family to their new home.

JAN. 25, 1973.

WINNER (4) - WINNER (5) JANUARY 27, 1973.

MITES (FINAL GAME 12 A.M. IN MORINVILLE)
GIBBONS - BON ACCORD BY JAN. 23, 1973.
VIMY - LEGAL BY JAN. 23, 1973.
MORINVILLE - REDWATER

BY JAN. 25, 1973.

WINNER (1) - WINNER (2) BY JAN. 25, 1973.
WINNER (3) - WINNER (4) JANUARY 27, 1973.

For the Shavers there will be a Tournament in Legal on Saturday, January 27. They will play 30 minute games starting at 9 a.m.

GOT A FARM POWER QUESTION?

Call Mack Holt, our Ag Rep.

Our Calgary Power Agricultural Representative knows farming, and he's an expert on electricity. He knows how to use it properly, efficiently, to increase the cash income of your farm operation. He can determine what type of equipment you need, if any. He'll tell you who makes it, approximately what it costs, where you can get it. Call our Calgary Power Ag. Rep. next time you have a question on the use of electric power. You'll get an answer that makes economic sense.

Call Mack Holt collect at 429-7161.

Waging War Against Pollution

Are you interested in finding out more about how housewives can fight pollution right in the home. The method is simple - you can invite a few of your friends and neighbors in for a cup of coffee any morning or afternoon. Then phone the Edmonton Anti Pollution Group at 423-1163 and they will arrange to have resource people attend your "Bee-In" on pollution. Some of the topics include detergents, compost heaps, cosmetics and many general tips which can save you money while you cut down on pollution. A "Bee-In" was held last week at the home of Judy Wood (599-8696) and she would be happy to answer any questions about the organization.

Did you know that the St. Albert paper bin is permanently located behind the LaCombe Museum (on St. Vital Ave.)? Open the door of the big white storage bin and walk in and stack your papers. If the storage bin is

not there (it is driven away periodically) just place your newspapers on the wooden pallets. One handy way of collecting your newspapers is to get a cardboard box the same size and collect them in that for about six weeks and then take them to the collection bin. Catalogues, magazines and telephone books are also collected.

Ross's bottle depot is located on the St. Albert Trail, and is for the present accepting only beer bottles.

Newcomers - did you know that the little blue hut that sits in the middle of the Grandin Shopping Centre parking lot is a Goodwill collection booth (operated by the Edmonton Rehabilitation Society) for old clothes, rags, footwear, toys, books etc., almost anything that could be fixed and used again. Don't throw these things in your garbage - put them in the collection booth!

Educator S. J. Sieben Elected By Acclamation

S. J. (Stephen) Sieben, 37 Bishop Street was elected by acclamation last Wednesday to the Public School Board of St. Albert's No. 3 system. He fills the vacancy created by the resignation of Chairman Don LaBelle who moved to Ottawa in December. Mr. Sieben was the only nominee for the Catholic School Board seat.

S. J. SIEBEN

Stephen Sieben was born 48 years ago in Denzil, Sask. where he was raised and obtained his elementary education. During the war, Mr. Sieben served two years in the Canadian Army. At the end of hostilities, Mr. Sieben obtained his Bachelor of Education degree from the University of Saskatchewan and after teaching several years, Mr. Sieben was awarded his Bachelor of

Arts degree also from the University of Saskatchewan.

Mr. Sieben, who has been in charge of pupil personnel services with the Sturgeon School Division for the past nine years gained extensive teaching experience, prior to coming to St. Albert by working in four different school systems in Saskatchewan and Edmonton as a teacher and also vice-principal. Before obtaining a U of A Graduate Diploma in vocational guidance Mr. Sieben was principal of Mission Park School here in St. Albert where grades 1 to 9 were taught until the new Sturgeon School was built in 1971.

Mr. Sieben has always been interested in the educational policies in the district, which is where his children are obtaining their education. Mr. Sieben said that he was most anxious to help further develop educational facilities in St. Al-

bert and districts and hopes parents, educators or anyone who so desires, should get in touch with him and discuss educational matters.

Stephen and Katherine Sieben have two children who have already completed school, three in school and one pre-schooler. The Siebens enjoy camping, fishing and family outings.

Mr. Sieben is a member of the St. Albert-Sturgeon Association for Children With Learning Disabilities and back in 1969, helped establish the Pupil Personnel Director's Association, covering an area from Ponoka north to Bonnyville and still attends monthly meetings as a member of this association.

Mr. Sieben attended his first board meeting last Wednesday and reported that sitting on the board is going to be a very rich experience.
